Vision: To prepare every student for success

Mission: To guide students in a purposeful and challenging direction and to inspire mastery of skills for lifelong success

Motto: Where pride and tradition become success

MESSAGE FROM THE ASSISTANT PRINCIPAL OF STUDENT SERVICES

Welcome to 2018! Second semester is now underway and we are halfway through the school year! Testing season will be upon us before we know it and seniors are on the final countdown.

With a new semester comes a fresh start and a reminder of the district attendance policy whereby students who miss more than 9 days in a semester may be in danger of losing credit.

Consistent attendance is critical to students' success and supports the importance of developing good attendance habits.

Red Carpet Knight 2017, our School Choice Open House for incoming 8th graders was a huge success with over 500 families in attendance! Staff and students showcased North Fort Myers High School and the performing arts put on a great welcoming performance for our guests. Student involvement is what makes the night so memorable and we appreciate the time, effort, and commitment from your students. The student assignment process for incoming freshman begins in January and auditions for the various art programs begin in February.

As we move forward, guidance will begin registration for current freshmen, sophomores, and juniors. The process will begin mid-February and it is important that students meet with their school counselor to make sure they are registered in the classes they need and the electives they want. Students and parents should check their graduating class Google Classroom to keep up with important dates and deadlines.

We look forward to another exciting quarter at North Fort Myers High School. Performing arts are preparing for their spring musical, winter sports are wrapping up, and spring sports will begin soon. Students work hard to excel in and out of the classroom and we encourage you to come out and show support for our student-athletes!

Respect, Tradition, Pride, Success!

PROGRESS MONITORING OF KEY ACADEMIC AREAS

Multiple times throughout the year, our district monitors individual student progress in the areas of English/Language Arts, Math, Biology and US History through online programs called STAR and COMPASS. The purpose of this progress monitoring is for teachers to make instructional decisions that best meet the needs of each individual students to ensure all are meeting Florida Department of Education proficiency expectations and to help guide students toward post-secondary college and career readiness. Progress Monitoring typically occurs at the beginning of each school year and at the end of each quarter in applicable classes and results are readily available to parents and students through the FOCUS Parent Portal. Please see below for directions on how to access your child's data.

YEARBOOKS

NOW is the time to buy yourself a YEARBOOK.

The theme for this yearbook is "MORE THAN!". North Fort Myers High School is **more than** just a building - the faculty and students are innovated, dedicated, and inspired. As you know, many of the faculty and parents of our students have graduated from North, allowing tradition to run deep in our blood.

This year we are featuring videos of various events. On a few pages you will see a knight; you scan it with your smartphone and see a video of events that go along with that page. These videos will last forever! You can still purchase a business ad to be placed in the yearbook - see our school website for more information. You can purchase a yearbook for \$80 using cash or a check made out to North Fort Myers High School in room M112 next to the media center, or with a credit card on the Jostens website (www.jostens.com).

If you have any questions please don't hesitate to email me - Diane Mirro dianemir@leeschools.net.

NEW CROSSWALK LIGHTS

Today I am proud to say I witnessed the installation of the new flashing light poles at the crossing in front of NFMHS. This concludes a promise I made to Mr. Drake a long time ago that I would not stop until this dangerous situation was improved as best we could. Mrs. Diggs has been instrumental in the continued effort and made things happen quickly where she could and I am most grateful. We now have better lighting with the removal of obstructions and tree limbs. We now have additional signing to inform drivers and we now have a flashing light system that will alert drivers that our kids are in the crosswalk and to be careful! Going forward we need to use this as an opportunity to educate our kids, parents and local drivers of the situation.

I thank you all for your help and patience in this endeavor with special thanks going out to Ken Dobson who has endured my weekly "nudgings". I just got off the phone with him and told him as I'm telling you, we honestly saved a child's life here!

And so, on to the next thing, for we must never stop trying to improve the safety and education of our most important treasures. Our children are our future! This is a great start to a new year!

Many Thanks, Patrick T Crissy, parent

GOALS

VISION 2020

The School District of Lee County has updated their Strategic Plan to better align with their vision: To Be a World-Class School System. There are four main overarching goals:

- Increase student achievement
- Increase family and community engagement
- Increase retention of highly effective employees
- Become a model continuous improvement organization

Find more information here: <http://www.leeschools.net/vision2020>.

2017-2018 NFMHS ACADEMIC GOALS:

- English Language Arts Proficiency: 74% or higher
- English Language Arts Learning Gains: 57% or higher
- English Language Arts Learning Gains for the lowest twenty-five percent: 42% or higher
- Math Proficiency: 64% or higher
- Math Learning Gains: 59% or higher
- Math Learning Gains for the lowest twenty-five percent: 38% or higher
- Science Proficiency: 76% or higher
- Social Studies Proficiency: 77% or higher

2018 SPRING CAMBRIDGE AICE EXAMINATIONS

Specific times and locations will be released in late February. All candidates will receive a packet with their enrollment information and a copy of this schedule including the specific details of where and when exams will take place in March. Please note, AICE examinations cannot be rescheduled or missed, these are globally standardized times and therefore do not have another testing option this school year. If you have any questions please contact Jeremy Ridgeo at jeremyjr@leeschools.net.

OUT OF FIELD TEACHERS

Florida State Statute 1012.42 recognizes that teachers at times must be assigned duties in a class outside the field in which they are certified.

Taylor Ashby is currently out of field in Reading and Lindsey Buckner is out of field in Math 6-12.

The following teachers are engaged in training to add English for Speakers of Other Languages (ESOL) to their certificates: Taylor Ashby, Shandez Baker, Ellen Bianchi, Lindsey Buckner, Benjamin Daniels, Robert Hiatt, Geoffrey Huston, Sara Johnson, Felipe Maldonado, Brooke Pasquale, Kathleen Prejna, Dianira Rivera, and David Sardina.

CLUBS

NORTH ESO

North Elementary Science Olympiad (ESO) is a new club this year at North looking to bring something fresh and exciting to elementary classrooms across Southwest Florida. Science Olympiad is a science competition where teams of students compete in events in pairs of two. The events can be on everything from physics to biology to engineering and much more. Events can be lab based, building based, or research based. Students prepare all year under the guidance of their coach and volunteers, showing what they know at the competition.

The aim is to hold a competition every year right here at North Fort Myers High School. As far as everything from planning, to preparations, to execution, as much as possible will be student driven. The goal overall is to generate interest in STEM early on so that elementary students can carry that with them throughout their schooling. Volunteers from North that help achieve the club's many goals will receive Bright Future eligible community service hours. They will also be allowing elementary students to have an interest in and to learn sciences they like. Undoubtedly, they will carry these experiences with them for the rest of their lives.

Recently, the club received a \$3,000 grant from the Charlotte Harbor National Estuary Program. This will make information about Florida's estuaries and conservation efforts a core component of the program. As much of this funding as possible will go to helping schools who want to participate but need a financial kickstart. Determined to hold an exposition this year, more help is always appreciated to help make this possible. If you like working with children, like science, or are looking for a unique way to get community service hours, join our Google Classroom with the code: 7ztw3i. Meetings are every Monday in Mrs. Johnson's room, S-211, from 1:45 to 2:30.

INTERACT CLUB

NFMHS Interact Club volunteered this holiday season with Holidays Without Hunger and helped package over 600,000 meals for those in need! (pictured right)

DEBATE CLUB

Come join and/or observe the Debate Club! We meet in E-128 every other Friday. The google class code is 9z051h6 if students want to check out some of our past debate topics including gun control, kneeling during the National Anthem, and creationism versus evolution. (pictured below)

BEACH CLUB

The Beach Club took a trip to Bowman Beach to collect shells as part of a Christmas Ornament Fundraiser. They scoured the beach looking for non-living shells to then bleach, clean, and beautify. The proceeds from the sale of these ornaments is being used to buy materials such as trash bags, gloves, and litter sticks to use for future plans to clean Four Mile Eco Preserve and other local attractions.

SPORTS

BOYS' SWIM TEAM PROVING TO BE KNIGHT STARS

By Coach Amy Clark

The North Fort Myers Boys' Swim Team is a group of young men with serious goals, and this year, they've shown phenomenal growth. With an overall record of 6-1, and a strong 4th place finish at the LCAC meet, these boys are headed places. Notable performances this year included freshman, Kirk Klemm, earning a spot at states during the Regional meet, swimming the 100 Fly in a personal best time of 54.21 seconds. This year, Kirk also earned individual titles by placing first in the 100 Fly and the 50 Free events, with two additional, stunning finishes in the relays he swims. The 200 Free Relay team of Reinaldo Zayas, Robert Tejada, Seiyen Calvao and Kirk Klemm took first place at the LCAC meet. And, the 200 IM Relay placed in the top four at LCAC with teammates Reinaldo Zayas, Kirk Klemm, Adis Muhamedagic, and Robert Tejada. Finally, and most notably, for the first time in North High Boys' Swimming history, the boys accomplished a complete shut-out, taking first place in every event during a regular season meet. These young men have tasted victory, and they are compelled to continue achieving. The North Fort Myers Boys' Swim Team has grown into a power house, and they look forward to further success in the 2018-2019 swim season.

Junior, Reinaldo Zayas, after an amazing first place finish at LCAC in the 200 Free Relay. Photographer: D. Rivera

GIRLS' GOLF

Congratulations to the members of the Girls Golf Team for receiving the following awards:

Jenna Berti	Team Most Valuable Player

SENIOR FINAL EXAM EXEMPTION CRITERIA

The following exam exemption policy applies to **SENIORS ONLY**. If you have a senior who meets the exemption criteria. This policy excludes Dual Enrollment, AP or AICE Exams. **An X should be entered in FOCUS in place of the exempt final exam.**

SENIORS WHO MEET THE FOLLOWING CRITERIA ARE EXEMPT FROM FINAL EXAMS:

1. Only seniors can waive second semester exams.
2. Student must have an A or B average in the class for second semester.
3. Student must have no external suspensions during semester 2.
4. Advanced Placement, AICE, and Dual Enrollment exams must be administered. No exemptions can be given for these courses.
5. When an exam is waived, the two nine-week grades for second semester will be averaged to obtain a semester average for the course.
6. Only those seniors who meet ALL the criteria as stated above may be exempt from exams at the end of second semester.

SPECIAL OLYMPICS

December 8, 2017 North High Special Needs Students went to Special Olympics at Cypress Lake High School. Every student who walked off the bus was paired with a buddy from Cypress Lake High School. The students played games which were set up around the football field, danced and listened to music before eating lunch and heading back to North.

AUDITORIUM LIGHTING UPDATES

Thanks to a joint funding effort from the district, our school, and The Red Knight Foundation, our auditorium has been updated with the installation of a completely new state of the art lighting and sound system. Students are eager to use this new system in the Acting 2-4 dramatic One Acts on February 7 and 8 at 6:30 p.m. in the auditorium. All three shows are themed around teen issues. Admission is \$5.
