Automotive Academy Earns National Certification

After nearly two years of work, the Seminole Ridge High School automotive academy has earned the coveted National Automotive Technicians Education Foundation (NATEF) certification. Congratulations to academy teachers Mr. Michael Critchlow and Mr. Jason Hardy, and to SRHS program coordinator Mr. Ron Lewis, and all who assisted in the certification effort.

NATEF accredits automobile, medium/heavy truck, and collision repair and refinishing technology programs at secondary and post-secondary institutions. These programs meet industry-developed standards that result in students ready to enter the workforce or to continue their education. Since 1983, the NATEF process has resulted in accredited automotive training programs in all fifty states.

Construction Academy Launches ACE Mentoring Program

Imagine designing a state-of-the-art stadium, planning the construction of a suspension bridge, or transforming the vision for an urban center into a reality while you are still in high school. Thanks to the ACE Mentor Program of America (ACE), thousands of high school students around the country are designing real-life projects under the direction of some of the nation's top engineering and design professionals.

ACE is an after-school program that gives you a hands-on introduction to architecture, construction management, engineering and other construction-related careers you may consider if you're interested in designing and/or building just about everything around you, from schools, stadiums and concert halls to bridges, tunnels, shopping malls, and parks.

The program matches you with ACE professionals, or mentors, who volunteer their time and energy. They show you where and how they work, the skills they use and some of their projects under construction. They also help you design an actual project.

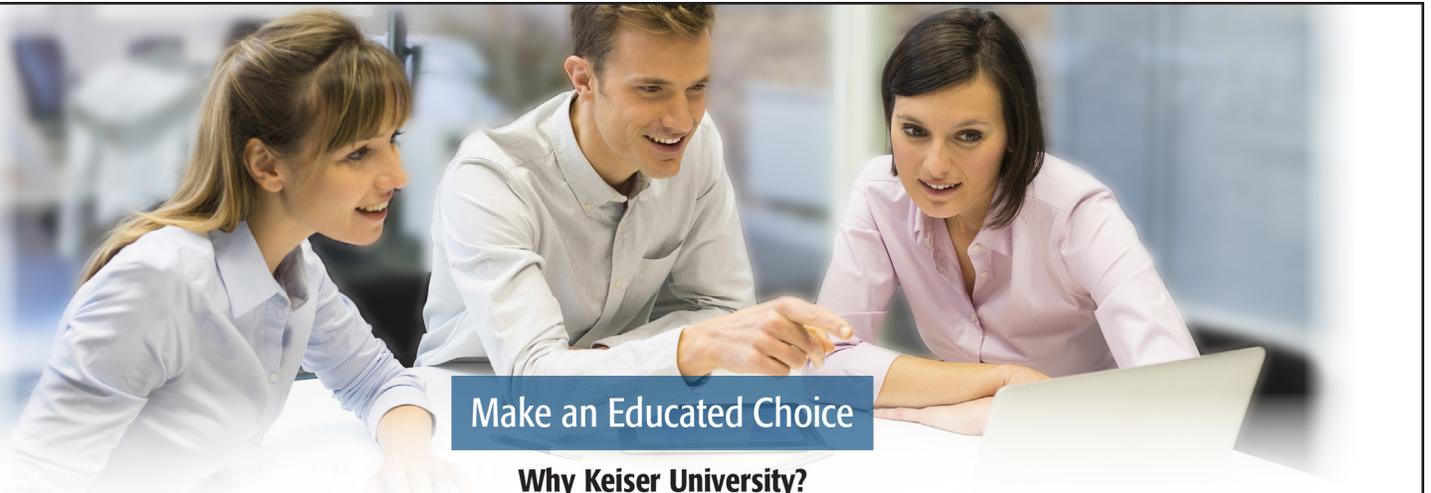

Seminole Ridge's ACE program, sponsored by Weitz Construction, meets every other Thursday in Building 9 classrooms. For more info, contact Mr. Stephen Beliech (stephen.beliech@palmbeachschools.org) or Mr. Doug Strathie at Weitz Construction: 686-5511.

Thespians Present Once Upon a Mattress

Hawks Apply Themselves—College App Week

'Apply Yourself Florida'—Florida College Application Week—is part of a national effort to increase the number of students pursuing a college degree. During College Application Week (October 24–28), Seminole Ridge dedicated time and space during the normal school day for seniors to fill out at least one postsecondary application. Seniors, through their English classes, trekked to our media center, using its computers to begin—and in many cases, complete—applications to colleges and universities of their choice.

Hawks and Hurricanes

The SRHS boys' junior varsity basketball players, under the tutelage of coach and counselor Mr. Tim Mickens, toured the University of Miami campus November 14, learning about admission requirements and visiting dormitories and classes. But the highlight of their day trip was being allowed to watch the Hurricanes men's basketball team practice. "Coach Jim Larrañaga was very receptive," says Mickens, "and each of his players introduced themselves to us. We got to shoot around on their practice courts and then met the players and took pictures. The squad even took time out to speak with our players about life, the importance of achieving an education, and how to be better student-athletes. What an experience!"

IT Academy Joins Cybersecurity Conference

The SRHS information technology academy held a hands-on cybersecurity hands workshop January 10–11 in our media center's conference room and traveled to Miami January 12 to present at the 'S4X17' annual cybersecurity conference. Matthew Luallen from cybati.org, a strategic and practical security education and consulting company, worked with our students to make them aware of the cybersecurity challenges present in our everyday world and how to respond and find solutions to attacks.

Cheerleaders State Runners-Up

We congratulate our varsity coed competition cheerleaders for all of their hard work. While most Hawks were relaxing and traveling over the winter break, those cheerleaders were at school preparing for competitions. At FHSAA regionals they not only took first place but also scored high enough to advance to state finals at the University of Florida O'Connell Center January 27–28, where they earned the Class 2A state runners-up title.

This is the fifth year out of the last six that SRHS has advanced to finals; the past two years we placed first in regional competition in the Class 2A Small Coed Division and scored high enough to advance directly into finals. Last year, our first year of having a coed team, not only did we place first at regionals but also placed third in the State. This year, our second year as a coed team, we can now boast a state runner-up title.

Cheer coach Mrs. Tammy Licavoli says, "I cannot express enough how proud I am of this team. They've come so far in learning a new style of cheerleading—coed—and in advancing their skills. They truly became a family, and it showed and shined in their performance at states—I have never seen them so excited, energetic, and loud! This team has continued the legacy of great athletes from our cheer program and I am honored to be their coach."

Hawks Attend Recruitment Fair

SRHS school counselors and 20 Hawk students traveled to the Palm Beach Convention Center January 25 for the annual Historically Black Universities and Colleges / Hispanic Serving Institutions Recruitment Fair. Chaperoned by counselors Mr. Tim Mickens and Mr. Brian Welch, our students spent the morning scouting out prospective institutions, visiting college and university tables and speaking with HBCU and HSI representatives.

Several Ridge students received college acceptances on the spot, and many received scholarships ranging from \$1,000 to \$5,000. "There were many smiles," says Mickens. "It was an awesome experience for the kids, and for me, having the opportunity to watch them interview and represent themselves. Job well done!"

Health Care District School Nurse Message

Protect you and your family against the 'stomach bug' and other contagious illnesses. There are highly contagious viruses that can lead to diarrhea, vomiting, and stomach pain. Help prevent the spread of viruses:

- Always wash your hands carefully with soap and water, especially after using the toilet or changing diapers, and before eating, preparing, or handling food.
- Wash fruits and vegetables, and cook seafood, thoroughly.
- Clean and disinfect contaminated surfaces using a chlorine bleach solution (5-25 tablespoons of household bleach per gallon of water).
- Wash laundry thoroughly.
- When you are sick, do not prepare food or care for others.

For more information, visit cdc.gov/norovirus.

February is Dental Health Month. Your smile is one of the first things people notice about you—take care of it right from the start. Recommendations for good dental health include:

- Brushing your teeth for two minutes, twice a day with fluoride toothpaste;
- Flossing daily;
- Avoiding sugary and starchy snacks;
- Wearing a mouth guard when you're active;
- Not smoking;
- Not piercing your lips or any part of your mouth;
- Getting dental sealants;
- Considering a fluoride program if your water is not fluoridated;
- Visiting your dentist regularly for check-ups and cleaning

Children with good oral health have better attendance and fewer problems in school. For information about the School Health Program, visit hcdpbc.org/schoolhealth.
