The Spanish River Vision

Our vision is to create a nationally known high school highly regarded for its academic excellence, while helping all students prepare for and be accepted into post secondary education or careers.

A Message from the Principal

Shark Nation,

It is a busy time of year in Shark Country. The testing season has begun and the end of the year is quickly approaching. Please read the Sunday updates if you're interested in being informed about important upcoming events at Spanish River HS. There are NO makeups for Cambridge exams and it is important that students are prepared and on time for these important exams.

Students have chosen their electives for next year and teachers have recommended the next core class for them based on their test scores, performance this year, and their potential. Adjustments will be made when scores come in this summer. Students will get the opportunity to see their course requests at the end of May to ensure their choices are correct. Any errors or requested changes should be fixed now. Students do not like their schedules changed once the school year starts as they get comfortable with their schedule. Our mission here at Spanish River is to ensure that every student reaches their fullest potential so we will schedule students into courses that provide a challenging curriculum to best prepare them for College and Career. Administration, with the help of teachers, ultimately chooses core class level placement for students.

I am excited to honor the Class of 2024 at the South Florida Fairgrounds on May 13th and it is my hope that EVERY senior walks across the stage that day. Please ensure if you are a parent of a senior that you have reviewed the 'Senior Letter' and you're aware of all the important End of Year dates for Seniors. Our Senior Award Ceremony will be on Monday, May 6th in the theater. We will honor select seniors on that special evening.

Please make sure your child reports to their testing sessions for digital exams with a fully charged district device and a student ID. They need to be on time and well rested. We know they are well prepared and will excel with all the excellent preparation they have received from our stellar teachers. My weekly Sunday update lists the EXTRA opportunities our teachers are providing for extra practice, tutoring, and review sessions for our important End of Course exams that count for 30% of a student's grade in the course.

Mark your calendars for Freshmen Orientation in the AM on Thursday, August 8th. In the afternoon, we will allow 10-12th graders to come on campus, walk their schedules, and scan QR codes/view school supply lists for teachers' classes for the FY25 school year. More information will come out over the summer about device pick-up and when schedules will be posted. Our freshly remodeled Media Center is finally done and I'm excited for our students to use this new space for research, reading, and collaboration next year.

See you at graduation!

Trinkets of Hope Club

Join Trinkets of Hope and be part of a community, encourage positivity and build the next generation of uplifted individuals.

At Trinkets Of Hope, our mission is to empower and advocate for body positivity, wellness, healthy eating, and disordered eating awareness among teenagers. We strive to make a positive impact on young lives by spreading awareness. Together, we can create a generation of confident, healthy, and inspired individuals.

"TOH has allowed me to form new meaningful friendships, as well as creating unforgettable memories along the way," Sophomore and Historian Dilani Figueroa Mejia said.

Our club was introduced on campus this year, and the response has been more than supportive. We have gathered students, of all realms, in creating a safe zone on campus. Receiving such a great response has led to genuine actions made to better the intentions of students during and outside of our meetings!

"This club has enabled me to better understand that people can go through difficult times and how important it is to be there and support others," Sophomore and Vice President Ariel Savitch said.

Our outreach doesn't solely end with behavior on campus. We have held the attention of those at The Psychiatry of the Palm Beaches. Our club members work bi-weekly in creating supportive projects, most of which are donated to patients and associates of psychiatric clinics throughout the Palm Beach area.

"Trinkets of Hope inspires me to be kinder to myself and has brought far more awareness in regards to how important body positivity is," Sophomore and Secretary Eva Strano said.

We encourage our members to become the greatest version of themselves, ones that inspire others in the same way. Our first year as a club has shown us to become greater friends not only to others but also to ourselves. Regardless of who you are, we encourage you to join our story. We don't restrict access to enter to solely those with related personal struggles, everyone is welcome. Join our team during the 2024-2025 season, find your place on campus.

Recognition Program

In April we recognized any students who earned all A's and A/B honor roll in the third quarter, as well as those who raised their grades from second to third quarter. These students received a certificate to keep, and a treat they picked up during their lunch. We are so proud of all of these students! Special shoutout to the Shark Shop parents for helping organize and fund this program.

Coffee with the Counselors

If you missed any, don't worry! You can check the website anytime to see the recording or go through the presentation. This will be under the section: School Info/ School Counseling Services/ Coffee with the Counselors.

Course Selections

Students were given the opportunity to review our course selection presentation in the theater in February with school counselors. Earlier this month we also gave all current 9th-11th grade students an opportunity to change their elective course requests. Please note that students can view their course requests on SIS. Click on the 2024-2025 tab and the class requests.

College & Career Coach Updates

Make the most out of your time! The college process can be daunting if you try to complete everything in a few weeks.

- **Rising Seniors** - Take advantage of your summer by getting a head start on applications. Now is a great time to familiarize yourself with the application process, criteria, and deadlines. You can also work on building your resume, writing essays, and securing teacher recommendation letters if needed.
- **Rising Juniors** - Build your resume! Look into internships, shadowing opportunities, community service, or a summer college program.
- **Rising Sophomores** - Start to think about your plans for after high school. Research colleges and other opportunities. Make sure your academics and resume match your plan.

Looking ahead

Community Service

Summer is a great time to get some community service hours completed. Students need 20 hours for graduation and at least 75 for the Bright Futures Scholarship. Ideas for community service opportunities can be found at volunteermatch.org as well as on our school website.

Orientation

We are excited to meet all of our Freshmen for the 2024-2025 school year!

Mark your calendars for Thursday, August 8th for our Freshman Orientation. Students can check in at the Gymnasium at 7:30 am for a student only orientation 8:00 am - 10:30 am (doors close at 8:10 am). There will be a parent meeting held in the Theater 8:15 am - 8:45 am. Once students have completed their orientation students and parents may walk their schedules, find school supply lists, get sports information and purchase items like homecoming tickets and apparel from the Shark Shop.
