1. The FAFSA is a free application for Federal Student Aid that is used to determine students' eligibility for post-secondary financial aid. We encourage all of our seniors to complete this application to see if they qualify for financial assistance to help pay for college or a technical program. The website is: <https://fafsa.gov/>
2. The Florida Department of Education, Office of Student Financial Assistance (OSFA), administers a variety of state-funded grants and scholarships to assist Florida residents with the cost of their postsecondary education. This Florida Financial Aid Application (FFAA) can be submitted at: <http://www.floridastudentfinancialaid.org/SSFAD/home/uamain.htm>. Completing this application serves several purposes, including student application for all the various levels of the Bright Futures Scholarship. For more information regarding each respective level and it's requirements please go to: <http://www.floridastudentfinancialaid.org/ssfad/bf/>. Students need to attain a certain GPA, SAT/ACT test scores, and community service hours to qualify for the various levels of the Bright Futures Scholarship. They should meet with their counselor to discuss submitting service hours.

Both the FAFSA and FFAA applications open October 1st. Please reach out to your student's counselor if you have any questions or concerns.

## Check and Connect

Check & Connect began in 1990 with a five-year grant from the Office of Special Education Programs, U.S. Department of Education. Check & Connect is an intervention used with 9-12 grade students who show warning signs of disengagement with school and who are at risk of dropping out. At the core of Check & Connect is a trusting relationship between the student and a caring, trained mentor who both advocates for and challenges the student to keep education salient. Students are referred to Check & Connect when they show warning signs of disengaging from school, such as poor attendance, behavioral issues, and/or low grades.

In Check & Connect, the "Check" component refers to the process where mentors systematically monitor student performance variables (e.g., absences, tardies, behavioral referrals, grades), while the "Connect" component refers to mentors providing personalized, timely interventions to help students solve problems, build skills, and enhance competence. Mentors work with caseloads of students and families for at least two years, functioning as liaisons between home and school and striving to build constructive family-school relationships.

### French National Honor Society

As the past school year has ended, the time has come to say goodbye to our amazing seniors. FNHS wants to thank and congratulate our seniors for all their hard work and dedication towards the club. With their leadership, FNHS was able to donate hygienic and food items, as well as goodie bags, to organizations such as our local Ronald McDonald House chapter and local shelter. Thanks to their leadership, our rising seniors have learned by example and reached for leadership positions to help the community. As the new members come in, we are collaborating to come up with service projects that will maintain the highly achieved legacy that has been built throughout the years in FNHS. We wish our spectacular seniors a farewell and good luck on the rest of their journey, even as we look forward to the new projects for the upcoming year.
