CLEARWATER HIGH SCHOOL HOME OF THE TORNADOES

Principal's Message

Dear Parents and Friends:

It is hard to believe that the school year is almost over, and on behalf of our administration, faculty and staff, I would like to take this opportunity to thank everyone for their efforts in making this very "different" year, an incredible year.

Everyone has done an exceptional job following all of the guidelines with regards to construction while continuing to push forward academically and still making this feel like a normal school year. I am so proud of how all have embraced the "construction" and worked together to build first class strategies for instruction. Although it has been challenging, all have risen to the occasion.

Our students have excelled in the classroom, the athletic arena, the arts, and in so many other areas and activities that are offered at our school. This year multiple athletic teams were district champions, regional qualifiers, and state qualifiers. Our MCJROTC ranked 5th in the nation for drill competition and even won the Iron Bear Challenge for the 2nd time in school history. We are really excited about the 2023-2024 school year, and it is very evident that we will continue to raise the bar for student success. As you are probably aware, our Wall-to-Wall Academy model with certification opportunities continues to be a model for change, and we continue to be recognized on the national level.

The Washington Post rated our school 3 times the most challenging high school in Pinellas County, as we have more rigorous (AP, AICE, Dual Enrollment) opportunities for our students when compared to any other school in our district! 93% of our seniors received college credit last year, which gave us the highest acceleration rate in the district for the fourth year in a row! On several occasions, Clearwater High School has been recognized by the National Career Academy Coalition and, and the International Center for Leadership and Education as a model school for our continued leadership in education. The availability of industry certifications, internship opportunities, and rigorous courses, truly prepares our students to be college and career ready.

Congratulations to the class of 2023! You have made us proud, and we look forward to hearing about all your successes as you move on to bigger and better opportunities.

Please contact Mr. Denton at dentonr@pcsb.org if you have any questions regarding our Summer Bridge and credit recovery program. Again, thank you for your continued support throughout the year, and I hope you have a GREAT TORNADO SUMMER!

Sincerely,
Eric Krause, Principal

SENIOR FORMALS

What is a Senior Formal?
Your Senior Formal photo is a life-of-passion that symbolizes your last year of high school. This traditional headshot will serve as your yearbook photo for your Senior Year.

Do I get to choose the formal pose that will be in the yearbook?
Yes! You can select your pose on our website once your profile is available in view. From there, you can choose which pose is right for you up until your school's deadline. Make sure to select your pose as soon as you can if you don't, one of Leonard's Senior Photography Experts will pick the best image for you.

When do I get my Senior Photos taken?
We recommend getting your Senior Photos taken as soon as you can! The sooner you do it, the less you have to worry about your school's yearbook deadline. Our Senior Focus Studios are open all summer, or you can book out for photo shoot dates on your campus!

SCHEDULE YOUR SENIOR SESSION

Look out for an email or postcard from Leonard's with your personalized access code and scheduling information. After May 1st, if you have not received your scheduling email, you can visit www.Leonards.com/schedule or scan the QR Code to search for your access code and book your Leonard's Senior Session. Schedule your session BEFORE school starts to make sure you meet your school's yearbook deadline!

Clearwater High School- Art Curriculum Project 22-23 Report

Sponsor: Márcia Reybitz

The title of curriculum project this year was: Transformation

This year the focus of the art curriculum project was to transform objects, clothes, shoes into art work.

The idea was to extend the student visual arts experience into creating art that can apply into their everyday life.

Students' creativity and imagination are infinite and students enjoyed working on several different surfaces and projects.

The curriculum project offers an extension into the curriculum.

This opportunity is unique and we thank the opportunity to execute these projects using funds from the PCS referendum curriculum grants.

The first project developed was the shoe transformation project.

Students choose a focus for their project by investigating about a famous artist and create a shoe emulating the art of the artist they selected.

The materials we purchased were acrylic paint, canvas shoes.

First student created sketch of the ideas, second students designed on the shoes and painted with acrylic or other materials.

Here is a good example of senior Haley Sanchez's work. She focused on environment and the artist Cristo, famous environment artist.
