FROM ADMINISTRATION

Hello Bearcat community,

I am very excited to announce that our school is the 2021-2022 Citrus County Science Fair CHAMPIONS for a second, consecutive year. Four of our kids (*) have been asked to go to the Florida State Science Fair and present their projects. The Science Fair Awards ceremony was electric as the Bearcats dominated nearly every category. Our students, parents, and staff have all dedicated so much time and energy to these projects. These students have shown perseverance over the last several months as they go through many trials and errors with their experiments. The Science Department has found ways to motivate budding scientists, alleviate concerns over paperwork, challenge our students' thinking to broaden the understandings gained through the process and cheered each student on as they complete each step. To say we are proud is a massive understatement. Please help me congratulate the following students for their success in the Science Fair:

Alexander Bailey*

Peyton Branch

Madison Boase

Jewel Burnette

Ethan Bramblett

Bristol Dorminey*

TEACHERS WORKING OUT-OF-FIELD

Crystal River Middle School is proud that all 66 teachers and administrators who work with our students are certified by the State of Florida or other governing board. We appreciate the following teachers who have volunteered to teach a subject outside of their primary certification and are currently taking classes to obtain certification in the area they are teaching out-of-field.

Teacher	Course/Class
Anthony Branch	7th Grade Science
Tracey Potter	Gifted
Jordan Moyer	ESOL
Catherine Owens	7th Grade ELA
Mindy London	ESOL
Benjamin Hecht	Computer Applications
James Collett	Exceptional Student Education

All of these teachers have both experience and coursework in the area they are teaching. They are excellent teachers, and we appreciate the extra effort they are putting forth on behalf of our students.

BEARCAT HONOR SOCIETY

Membership in the National Junior Honor Society (NJHS) is one of the highest honors that can be awarded to a middle school student. Our chapter will be working hard to bring the accomplishments of outstanding students to the attention of parents, teachers, peers, and the community. Our chapter will strive to give practical meaning to the Society's standards of scholarship, service, leadership, character, and citizenship. These five ideals are considered as the basis for selection. No student is inducted simply because of a high academic average. The National Junior Honor Society strives to recognize the total student—one who excels in all these areas. The standards used for selection are:

Scholarship: 7th/8th graders must have and maintain a 3.5 cumulative GPA for all prior middle school quarters. 6th graders must have 3.75 for their 1st/ 2nd quarters at CRMS.

Leadership, service, character, and citizenship: as demonstrated by activities and teacher evaluations.

Membership, however, is more than an honor. It is an ongoing responsibility and an obligation to continue to demonstrate those outstanding qualities that result in a student's selection. Membership also carries a responsibility to the chapter. If our NJHS chapter is to be effective and meaningful, each member must become involved.

Congratulations to our 2022 NJHS Members!

6th Grade

- Arianna Atkins
- Tiaan Boshoff
