### Principal's Message

Panther Family,

*It is fall at Cypress!*

We thank all Panthers for a successful start to our school year. We have recently revised and reset routines and procedures with health and safety in mind. Our students have been incredible. Our staff continues to work so hard to meet the needs of all students. We are all working together in an outstanding way.

We continue to stay diligent in our efforts to keep all students and staff safe and healthy. Our students are the most important part of our Panther family. What times we are living in right now! We are working hard to provide a traditional high school experience as we move through this pandemic. Through it all, we continue to come together as a school community and focus on the good. I see so many positives in our high school every single day. The laughter, warmth, and energy are constant reminders of what is good and right. We are moving forward. I am grateful for our students, staff, parents and community. **We are in this together.**

Our year is off to a wonderful start with fall sports, arts and activities in full swing. Special thanks to our coaches, directors, class and club sponsors. Their dedication to Cypress helps to create a sense of belonging and Panther Pride that is unlike any other school. We look forward to working with you during the school year.

**Here is to a wonderful year at  
Cypress Lake High! Together!**

### What is PBIS?

Cypress Lake uses PBIS (Positive Behavior Intervention and Support) to set clear expectations for student behavior, consistent reward and incentive programs, make data-based decisions, and offer faculty support. The program emphasizes teaching all students desired behaviors that lead to increased academic achievement and a safer, more respectful school climate. It also emphasizes the need for school staff to promote appropriate behaviors through explicit direct instruction, modeling, and reinforcement. Minor misbehaviors are viewed as teachable moments rather than discipline opportunities.

At Cypress Lake High School we emphasize, teach, and praise our students when they are displaying our PRIDE expectations. which are:

- P - rompt
- R - espectful
- I - ndependent Thinkers
- D - edicated
- E - ngaged

Staff members are also nominated monthly, by their peers, for going above and beyond in their support for their students, staff and/or for the well being of the school.

### Google Classrooms are Important

The various Google Classrooms are important. Please encourage your students to pay attention to each subject's google classroom as well as their grade level classroom. Students need to watch for posted information under the classwork tab. There are many different topics under which important information is posted. Information on the following topics may be covered: senior timeline, FAFSA/scholarships, fees and fines, colleges, trade schools, yearbook, photo days, SAT/ACT/ASVAB, homecoming, student handbook, school spirit info., and Student Government Association.

### WHAT ARE COPING SKILLS?

Stress is not just an adult issue. It is also part of the teen experience. Teens experience stress related to school, current events, or preparing for the future. While some stress is normal and can even benefit you, if not properly managed it can lead to dangerous choices. As teens learn to navigate challenges caring adults must guide them towards healthy coping skills.

*Coping skills are methods a person uses to deal with stressful situations. These may help a person face a situation, act, and be flexible and persistent in solving problems.*
