## PRINCIPAL'S MESSAGE

Gladiator Community,

Every day, the administrative team, teachers, and support staff of Gibbs High School are working to fulfill our mission to foster cooperative relationships within our school community and create a collaborative environment in which all students graduate. The success of our students is our primary focus. Providing high quality instruction and developing a culture of care and concern will be the key ingredients for the success of all students on our campus. The administrative team and I will work diligently to support our faculty and staff to ensure they have the necessary tools to guide and challenge our students daily. Collectively, we must work together to make the school term a success for our entire school and community. Together, let's be committed to our students and their success.

Thank you and Gooooo Gladiators.

Gibbs High School is to create a collaborative environment where our scholars will display Respect, Excellence, and Pride. Jonathan C. ### POINTS OF PRIDE

The Pinellas County Center for the Arts at Gibbs is a nationally recognized magnet program for the performing and visual arts. PCCA trains students interested in pursuing an arts profession and instills an appreciation for the arts in those who choose other careers. Designed as a four-year course of study, each arts area has its own course offerings designed to hone their skills and train them for their careers. As a college preparatory program, a plan is implemented to secure scholarships and is an integral part of the experience. Colleges, universities, and conservatories visit to audition and recruit students. The PCCA Class of 2022 earned over 3.3 million dollars in scholarships.

Gibbs High School's Business Entrepreneurial Technology Academy (BETA) is a magnet program specializing in the areas of Business and Technology. Our scholars graduate with one or more Industry Certifications in their respective pathways. BETA scholars participate in FBLA competitions and always place in district, state, and national rallies. Many BETA scholars graduate as members of the National Technical Honor Society, among other accomplishments in academics, business, and technology.
