### A Message from the Principal

Dear Ram Families,

The Lake Mary High School faculty, staff, and administration are excited to have our students back on campus for in-person learning and are working to offer your children a quality educational experience in a safe and supportive learning environment. We have many programs of support in place to meet the diverse needs of our student population, including a focus on building relationships through Restorative Practices. Further, we look forward to partnering with families throughout the school year in hopes of ensuring that your child reaches his or her full academic potential. Following is a list of recommendations for how families can make sure your children are successful in school.

1. **Get and Stay Connected:** Access Skyward regularly to monitor your child's progress, and communicate with your child's teachers if you have questions, concerns, or if you'd like to request additional information regarding resources that may help your child master course standards. Be aware of what's happening in your student's school life and *TALK ABOUT IT*. Your interest and involvement has a tremendous effect on your child's performance and attitude at school.
2. **Establish a Solid Home Study Routine:** Encouraging and supporting this vital activity will improve your child's attitude and performance at school and instill a work ethic that endures for a lifetime. SET A SCHEDULE. Establish a regular timeslot for this important daily activity. Seek your child's agreement and commitment to reserve this time each day for homework and study. CREATE THE ENVIRONMENT. Students can be easily distracted. Teach them to create an atmosphere conducive for concentration. Minimizing social media access, loud music, and other detractors will improve effectiveness and retention. Having a defined study area works with some students but not all. The most important factor is the discipline of doing it every day. OBSERVE AND ENGAGE. Psychologists suggest that it takes three weeks to break or establish a habit. Commit three weeks to assisting with your student's daily routine. Make good homework practices a habit for both of you.
3. **Make Daily Attendance the Expectation:** Very few things have as much negative effect on academic performance as poor attendance. Be clear in your attitude towards attending school every day. In the event of your child missing school due to COVID or quarantine, make sure you and your child are communicating with teachers and accessing eCampus to keep up with missed work to the best extent possible. And remember, students have one day for every day absent, plus one day, to make up work upon their return to school.
4. **Encourage Extra-Curricular Activity:** Involvement in any of our clubs, sports, and arts programs improves academic performance, attendance, and discipline issues. We have something for everyone! Participation in these activities enhances school life and looks good on college and job applications. Also, help your child plan and execute community service, which is a requirement for earning *Bright Futures* scholarship money.
5. **Help Your Child Plan for Post-Secondary:** Talk to your child about career interests and passions. We have information about college and career resources in the Student Services tab on our website. No matter what your child dreams of doing after graduation, planning for the next step is a wise choice. Post high school education contributes to a better quality of life. But whether or not your child goes on to a college, university, technical school, or the world of work, the information and skills they learn in high school will always be important. Everyone, in every kind of job, needs to be able to write and speak clearly, listen carefully, understand what is written and spoken, and use math effectively.

## Student Services

### Student Services

School Counselors are excited to have students back on campus. We realize that many of our students are facing challenges adjusting to full time campus life. So much is different from last year, and for some that is a lot to handle. This semester school counselors will facilitate grade level orientations to equip our students with tools that will help them adjust to LMHS. And please remember, if students need to speak to their School Counselor, they should not hesitate to come to the Student Services Office for assistance.

Senior credit check information has been mailed to all students in the graduating class of 2022. The information packets included a credit summary, self-credit check form and senior resource guide. Senior meetings with school counselors were held September 7-10. All meetings took place through English classes. If you are a senior and you have not yet had your senior credit check, it is imperative you contact your counselor right away to set this up.

After school tutoring has started! Face-to-Face tutoring is offered every Tuesday and Thursday in the Media Center from 2:45-4:15. Help is available for most subjects including PLATO (for those students already enrolled on a PLATO/ credit recovery class). If you would like tutoring for Algebra 1 or Liberal Arts Math, you will report to Portable 2.

College and Career Week: Students, have you started planning for your future after high school graduation? Do you know what career you want to pursue? Get ready for College and Career Week at Lake Mary High, October 18-22. More information coming soon!

Students: Want to meet/speak to your counselor? This is how to make an appointment with your counselor, please select student services> Counselor and appointments. From there, you will see the student booking appointment link as well as the phone number.

## HeroK12

This year, LMHS will be utilizing a new system for tracking tardies and assigning discipline consequences, as well as for awarding points for positive behavior. These points can be turned in for prizes! On the Hero website (<https://www.herok12.com/>), they describe their software platform this way, "Hero gets students in class and on time, changing negative attendance patterns. And it motivates students to make good choices, more often, through positive behavior reinforcement." Another helpful feature is that parents will receive an email immediately upon your child being assigned a discipline consequence for excessive tardies. Check out the HeroK12 website for more information.

## Feature Program: TV Productions

The TV Production program at LMHS is a Digital Video program that teaches students how to record and edit video for a variety of digital media platforms. The program is also the home of WRAM News. This daily news broadcast is produced and recorded by students in our professional TV Recording Studio. The goal of this program is to teach students the power of digital video in both an informative and entertaining way. This program offers its students an opportunity to earn an industry certification in CIW: Social Media Strategist. Students will leave this program with the tools to impact an ever-evolving digital world and have the confidence to create and lead projects of their own.

## Feature Teacher: Logan Malmberg

Logan Malmberg is in his 2nd year of teaching TV Production at Lake Mary High School. He is also the new Head Coach for the historic Girls Basketball Program at LMHS. Before becoming a teacher in 2020, Logan worked in Sports Broadcast Television for 15 years. He's had the opportunity to work with ESPN, CBS Sports, Golf Channel, MLB Network, ABC and NBC. He has been able to bring that real world experience into the classroom and beyond. Logan is also part of the Lake Mary Football livestream team of Steve DeSanto and Luther Davis. This live stream launched as a service to the Lake Mary Community to share all Lake Mary Football home games with those who were unable to attend in person due to COVID-19. Logan also hopes to make an impact with the Girls Basketball program. He takes over the historic program after coaching basketball for over 11 years in Seminole and Orange Counties. He is a graduate of Oviedo High School and played for the Hall of Fame Coach Ed Kershner. Logan is happy to call Lake Mary home and is looking forward to what the future holds for RamNation!

## Feature Student: Anika Kinnear

"You might recognize Anika Kinnear, an LMHS Junior, as a familiar face from our own WRAM news, where she has frequently served as anchor since her freshman year. She is also a member of the Varsity Girls Basketball Program, where she is known for her leadership and encouragement. Anika plays French Horn in Wind Ensemble and Mellophone in Marching Band. This year she serves as co-Drum Major, along with Abby Murray, for the Marching Rams. In addition, she is a co-president of the Tri-M Music honor society.

Anika loves staying active, learning new things, and meeting new people. For this reason, she took classes online so she would have room in her schedule to be a Peer Connector. She wants all students at LMHS to know that they matter and that there is a place for them. With that same view in mind, she joined the Global Communities Club, serving as their Vice President last year. She is also a member of Mu Alpha Theta, Beta Club, and Be the Change Club. Each of these various clubs has given her an opportunity to enter a new circle of students and allowed her to be a part of effecting change through each club's unique role in our school and community.

One passion that links many of these diverse areas of involvement is her passion for photography. Anika has taken Photography at LMHS, in 4-H, and has entered her photographs in the National Scholastic Arts competition where a quarter million works of art are entered each year. In 2020, Anika received a National Gold Medal for one of her photographs and this year she received a Silver Medal for another photo, which puts her at the top 1% of students in the country. Anika says, "Photography allows me to connect people and cultures, and to find Truth and Beauty in places people might not know to look. Photography can cross language and cultural barriers and help people see the beauty in their own backyard as well as the beauty of people and places across the globe."

Whether she's reporting on the WRAM news, shooting a clutch free throw for the Lady Rams, capturing a fleeting moment on her camera, meeting with her Freshman Peer Connectors, or conducting the band, Anika's goal is to bring people together, to build people up, to create community and safe spaces, and to let people know they are enough and that they matter. "

## Bell Schedule 2021-22

There are a few revisions this year to the bell schedule. This year, we will stay primarily with block, but we do meet all 7 periods on Wednesday to make sure that students see their teachers three times per week every week. If we have a Monday off, we will run a straight 7 schedule on Tuesday and Wednesday, thus ensuring students see their teachers three times that week. The same holds true for when we have a Friday off – we will run a straight 7 on Wednesday and Thursday.

Also, we are keeping the 15 minute break between the first two blocks on Monday, Tuesday, Thursday, and Friday to allow time for a brain break.

## Positive Behavior Supports

At LMHS we make a concerted effort to focus on positive behaviors. We do this through an initiative known as Positive Behavior Supports (PBS). PBS offers a systematic approach to promoting a school wide culture focused on respect and positive behavior. Because students come from different backgrounds and cultures, they may view behavior in their own unique ways. When a student acts out, LMHS views it as a skill deficit; as a result, students are taught appropriate school behaviors and expectations. Consequences are still given for inappropriate behavior; however, students are also rewarded when they model citizenship.

## Boys Basketball

(Coach Densberger)

Boys Basketball is currently conducting strength training workouts and open gyms on Tuesdays and Thursdays from 3-6pm and on Saturdays from 9am-12pm. Meet at the weight room after school. You must have a current physical and be cleared through athletics to participate. We will continue through the fall until the first day of tryouts. Tryouts will be held on November 1 & 2nd. We hope to see you there! If you have any questions, please contact coach Densberger at [Zack\\_Densberger@scps.k12.fl.us](mailto:Zack_Densberger@scps.k12.fl.us). Go Rams!

## Bully Prevention Awareness and Reporting

Bullying means systematically and chronically inflicting physical hurt or psychological distress on another person that includes: unwanted and repeated written, verbal, or physical behavior that is severe or pervasive enough to:

- create an intimidating, hostile, or offensive educational environment;

**800-423-8477**

If your child feels as if he or she is being bullied, please direct him or her to do the following:

1. Report the situation:
  - a. To any adult on campus
  - b. Speak Out Hotline (1-800-423-8477)
  - c. Report through the P3 Campus App
2. Be sure to fill out a witness statement in the discipline office explaining the situation in detail.
3. The situation will be investigated by an administrator.

**SPEAKOUTHOTLINE.ORG**

If you have any questions about bullying procedures, please feel free to contact the discipline office (407-320-9532). ## Mental Health Lessons

Florida Statute requires all students undergo five hours of mental health curriculum annually. To meet this requirement, students will engage in 30 mini lessons (approximately 10 minutes per lesson) embedded into instructional time.

Educating students and ensuring support for mental wellness are important priorities at LMHS. In order to make this requirement as meaningful as possible, we have grouped the lessons students are required to complete into themes that go with other important initiatives. If you have questions about the mental health lessons, please contact administrator Dr. Andrea Fuhrer at [andrea\\_fuhrer@scps.us](mailto:andrea_fuhrer@scps.us).

- Theme 1:** National Anti-Bullying Month (October)-Bullying, Social Media, Self-Care (10/11-10/19)
- Theme 2:** Red Ribbon Week-Substance Abuse (10/25-10/28)
- Theme 3:** A Deeper Dive into Mental Health (11/1-11/9)

Each athlete must complete and pass a physical prior to trying out in any sport; this includes any pre-season conditioning practice. All physicals must be signed by a parent/guardian.
