Cindy Bellamy, Teacher of the Year

The Education Foundation of Lake County has named their 2025 Lake County School's Teacher of the Year and it's our very own Cindy Bellamy! Mrs. Bellamy has been a teacher for 26 years and has spent the last 13 years teaching Agriculture at Mount Dora High School. She also leads our Future Farmer's of America (FFA) and has made profound impacts in many ways. Thanks to her efforts, she can proudly say she had 100% of her second-year students pass their Industry Certification Exam. This is huge not only for the future of our students, but for our school grade and success of our CTE programs. In addition, our FFA is a Florida Premier Chapter, Florida's Finest Chapter, and has been recognized as National Chapter. Only 1% of all FFA chapters can claim this!

**We are
so PROUD
of you!**

Mrs. Bellamy is an amazing teacher and well deserving of the award. After being announced the winner, she was handed the keys to a brand new 2024 Honda Civic from Jenkins Auto Group! Congratulations Mrs. Bellamy.

We are all so very proud of you! #oneteam

MDHS Induction Ceremony

MDHS had their Induction Ceremony on January 17th. The purpose of the event is to provide new members with a memorable first-glance into the chapter and the Society. The induction is to celebrate the academic achievements of new members and to educate them on the responsibilities ahead.

Our New Inductees are:

Brianna Berger
Walker Bland
Brayden Brown
Lillie Bruehl
Ryan Buehler
Abbey Caster
Nina Chadwick
Luca Celis
Meghan Connor
Maelis Cowdrey
Ryan Crow
Mackenzie Davis
Alyssa Denmark
Kera Doggins
Hannah Douglas
Russell Fickett

Addison Fortenberry
Mina Fourari
Jenna Green
Sydney Guthrie
Jade Hylton
Daniel Lozano
Ella Makinson

MAY	May 24	Last Day of Classes/End of Fourth Grading Period (Friday)	18 Total Days 49
Storm Make-up Days will be determined as needed			180

MDHS Science Fair Winners Announcement 2023-2024

The Mount Dora High School Science Fair took place on January 8 through Jan 11th. This year we had our largest number of competitors, and with a mix of both team and individual projects, we had 59 projects!

Students had to spend *months* planning, designing, and building their projects. Once they collected their projects, so of which had data collected in one day, and some over several weeks, they presented their findings. After the rigorous scoring and interview portion, we are ready to announce some winners.

This year we will be nominating six total projects to the Lake District Science and Engineering Fair. This year, with 17 team projects, three have been chosen to move on to the district fair.

TEAMS CATEGORY:

1st place: Brisana Rabadan and Jaylah Powers - Comparing Suture Techniques

This project won first place because of the depth of research that was necessary to make the models of different suture techniques, and how knowledgeable the presenters were in picking a particular model (chicken) to replicate human tissue. They also had rigorous standards for it's real world application as well as testing their success.

2nd place: Kate Guthrie, Channing Bland, Bailey Makinson - How Different Temperatures Affect the Amount of Mold

This investigation followed the development and growth of bread mold among different temperatures of types of breads. This project placed well because of the length of time, dedication of the project, and knowledge of the subject. They were even able to account for interesting trends in their data more so that others normally would.

3rd place: Hazel Prince and Ariella Rivera - Cookie Science

Students studied how resting cookie dough in the refrigerator for different lengths of time plays a role in how they spread and shape in the oven. This project placed well because of the attention of controlling as many variables as possible and dedication in their measuring of their data. It stood out as likely being the tastiest science fair project this year.

PLANT SCIENCES:

1st place: Siera Sharp - How Different Type of Water Affect Plant Growth

Is all water created equal? An answer was revealed after subjecting various plants to types of water sources. This simple but elegant experiment showed strong conclusions. This student project excelled at controlling as many variables as possible, accounting for their data in more than one creative way, and backing up their design with meticulous data recording, while still showing a deep understanding of what future projects might look like.

PHYSICS AND ASTRONOMY:

1st place: Elise Foley - Was Einstein right? Proving Relativity with Household Items.

This was a big undertaking for a freshman, but she was able to show that muons and electrons could indeed be revealed using dry ice, an empty aquarium and a little knowledge. This project showed the most in depth background as well as most complicated procedure to witness (and confirm) Einstein's thoughts on relativity.

ENGINEERING:

1st place: Breyanna Sevilleno - Building an RC Car

This project followed the design principles to the letter in trying to not only build an radio controlled car, but to make it designs so that weight distribution on the car itself allows for the transference of power throughout the vehicle to actually make it go the straightest in a small track.

Literacy Cafe

Here are a few pictures from our Literacy Cafe' from Literacy Week. Ms. Moore and Coach Schlotter hosted at collaborative music, breakfast, hot chocolate, coffee, and book checkout prior to classes starting on Jan 25th.

Football Players Read to Triangle Elementary

Coach Hutchinson and some of our football players, celebrated Florida's Literacy Week by going to Triangle Elementary School to take part in their Literacy Mystery Readers Event. These young men read to several students to help reinforce the importance of reading and to create a little spark to help these young students want to not only read for learning, but to also read for fun!

Cheer & NHS Read to Sorrento Elementary

MDHS had 57 NHS and cheerleaders visit Sorrento Elementary. They went to each classroom to read to students. The event supported Florida's Literacy Week, which is designed to raise awareness about the importance of reading and to inspire Florida's students and families to make reading part of their daily routines. It was treat for all.

World Read Aloud Day

Ms. Romano's Class took part in World Read Aloud Day. Research has shown that reading aloud to students can increase vocabulary, listening skills, and ability to recognize words. World Read Aloud Day is recognized on the first Wednesday of February. Here are some of her students taking part in the festivities.

AVID

MDHS's AVID Program participates in weekly Tutorials within this tutoring process, it features a scaffolded and supportive approach to help students exercise their "inquiry muscles." The process is divided into three parts: before, during, and after the session. Students work together to support learning in a collaborative environment to help learn rigorous content in all disciplines. We would love to have more students join us in the supportive and collaborative program, if you think you might be interested or have any questions please stop by and see Dee Dailey in room 4-212 or Coach Schlotter 3-221.

NHS

Mount Dora's National Honor Society is supporting our students by tutoring math during our Huddle Time. Here are some of them hard at work! This is helping our students give back to our school, while helping us build a community of learners. This is in line with our #ONETEAM philosophy.

FBLA

Congrats FBLA MEMBERS! You were amazing! We won 14 first-place awards and multiple second and third-place finishes. We must give a huge congratulations to Hunter Taylor & Kaitlyn Rains for their first-place finish in Broadcast journalism, Lexus Ottum & Savannah Roy for their first-place finish in Sales Presentation, and especially to Austin Lanktree & William Morgan for repeat first place finishes in Sports & Entertainment Management! These 6 young adults have earned their way to the state competition March 15-18, we cannot wait to see how they perform. As well as all our individual wins, we had the highly anticipated District 10 rivalry for Poster and Nametag Competition, and we successfully completed the 3-peat winning first in both categories, thanks to the creative mind of our Chapter President, William Morgan, who designed and created both entries with a little help from Chapter Vice President Kylie Clements and District Vice President Hunter Taylor. We are so happy how this year has turned out so far and proud of our Chapter.

Left to right: Afrifa Amoah-Mensah, Kaleb Olson, Jessica Husbye, Austin Lanktree, William Morgan, Ryan Buehler, Jake Brough, Kaitlyn Rains, Hunter Taylor, Savannah Roy, Lexus Ottum

YNA Peer Mentoring

We would like to congratulate our newest You're Not Alone peer mentors! The You're Not Alone peer mentors are leaders on campus whose goal is to promote mental wellness at MDHS. The YNA peer mentors support fellow students through coordinating fun activities throughout the year and providing lunch buddies for students in need. They also raise awareness on issues through constructing bulletin boards as well as being a positive support to a classmate in need. We are so excited to welcome our newest members to the program.

So many reasons to smile.

FFA

FFA Winners

Please congratulate our FFA members! This weekend we had 3 teams compete and qualify for the FFA State Championships...FFA teams had a great weekend... on Friday, our Livestock team was successful in securing their place to compete at the Florida State FFA Livestock Championships. Please congratulate the following students:

- | | |
|--|-----------------|
| • Brandon Asay | • Kaylee Kline |
| • Cheyenne Bragg (Placed 13 highest out of all competitors in the state) | • Taylor Holton |
| | • Morgan Mancil |

On Saturday, our Horse Evaluation team earned their place and qualified for the state championships. Our amazing team was: Please congratulate:

- | | |
|------------------|---------------------|
| • Kaylee Kline | • Addison Ganus |
| • Kayleigh Casey | • Allyannah Frazier |

Finally, our Meats judging team competed placing the highest Mount Dora has ever performed in this contest. Please congratulate:

- | | |
|------------------|---------------------|
| • Kaylee Kline | • Addison Ganus |
| • Kayleigh Casey | • Allyannah Frazier |

Congratulations to the following individuals who competed in the FFA Sub-District Leadership Development Events on Tuesday:

- Extemporaneous Public Speaking: Afrifa Amoah Mensah – 2nd Place
- Prepared Public Speaking: Morgan Mancil – 3rd Place
- Creed Public Speaking: Alondra Gutierrez – 3rd Place
- Tractor Driving: Brandon Asay – 4th Place

A big Congratulations goes to Addison Ganus who is our newly elected Chairman for all of Lake County FFA and Area 3, District 5, Sub-District 3! Way to make us proud.

All of these students performed well and represented Mount Dora FFA once again at the top of the competition.
