RANGER NEWS

March 2019

Principal: Dave Monson • Assistant Principal: Jaime Rooney • Dean of Students: Jim Hall

Greetings Nordhoff families,

Spring is upon us, which means we are entering the final quarter of our school year. This final quarter is busy, with CAASPP and AP testing, end of the year events, final exams and graduation. It also means preparation for the 2019-20 school year, with registration and class scheduling. Please read the articles related to "Finishing Strong," "Test Anxiety", "Tips for Better Sleep" as they provide important information to help your student through the rest of the year.

In addition to their core academics, our students are busy with sports, performing arts, Career Technical Education projects and field trips, and everything else that fills their busy lives. We encourage you to keep an eye on the physical and mental well-being of your student and let us know if you need any additional support. Growing research indicates a link between social and emotional health with academic success. Nordhoff is taking steps to address this with extra focus on social-emotional development through our counseling department, campus culture activities and a new elective class, the Greater Good Leadership Program, which will include learning about character traits such as perseverance, attitude and self-awareness, and composure.

We thank you for your continued support of Nordhoff, its teachers and staff, and challenging-butimportant work that takes place daily on our campus.

Go Rangers! Dave Monson, Principal

F

Saludos a las familias de Nordhoff,

La primavera está sobre nosotros, lo que significa que estamos entrando en el último trimestre de nuestro año escolar. Este último trimestre está ocupado, con CAASPP y pruebas AP, eventos de fin de año, exámenes finales y graduación. También significa preparación para el año escolar 2019-20, con inscripción y programación de clases. Lea los artículos relacionados con "Terminar con fuerza", "Examen la ansiedad", "Consejos para dormir mejor", ya que brindan información importante para ayudar a su estudiante durante el resto del año.

Además de sus estudios académicos principales, nuestros estudiantes están ocupados con los deportes, las artes escénicas, los proyectos de Educación Técnica Profesional y las excursiones, y todo lo demás que llena sus vidas ocupadas. Lo alentamos a que vigile el bienestar físico y mental de su estudiante y nos informe si necesita ayuda adicional. La creciente investigación indica un vínculo entre la salud social y emocional con el éxito académico. Nordhoff está tomando medidas para abordar esto con un enfoque adicional en el desarrollo socioemocional a través de nuestro departamento de consejería, actividades de cultura en el campus y una nueva clase electiva, el programa Greater Good Leadership, que incluirá el aprendizaje de rasgos de carácter como la perseverancia, la actitud y la autoestima Conciencia y compostura.

Le agradecemos su continuo apoyo de Nordhoff, sus maestros y personal, y el trabajo desafiante pero importante que se lleva a cabo diariamente en nuestro campus.

¡Vamos Rangers! Dave Monson, director

ANGERS

SILENT AUCTION FUNDRAISER

Spring Showcase is May 29th and that means our silent auction fundraiser for Safe & Sober Gradnight is right around the corner. The goal is to collect about 80 donated items to auction during Spring Showcase. Plans are already underway and our next parent meeting is April 11 at 6:30 in the Nordhoff library. Parent meetings are scheduled once a month until the event. Notification of the meetings will be through phone messages. Items that sell well at the silent auction are handmade items, services, vacation getaways, sports tickets, restaurant gift cards and gift baskets of all kinds. Help is needed with organization before the silent auction as well as during the auction at Spring Showcase. If you are unable to attend the meetings, or unavailable on the night of the event, please consider a donation item. Hope to see you at our next meeting. If you have any questions please contact Franci Nelson at fnelson@ojaiusd. org or Joyce Young at jyoung@ojaiusd.org.

SENIOR SAFE & SOBER GRADNIGHT

We are looking for about 8- 10 parents to help at the event on May 29th. Thank you for your support and for helping to give our senior Rangers a memorable Gradnight experience.

SENIOR AWARDS NIGHT

You are invited to Nordhoff's Annual Awards Night to find out the results of various awards and scholarship competitions. Awards Night will be held on **Wednesday, June 5th at 6:30 p.m.** in the Nordhoff Gymnasium. Students will receive recognition for student and faculty awards, scholarships, club participation, athletics and more. Students being recognized at Awards Night will receive a letter of notification sent home by mid-May.

STUDENTS ADVISORY COUNCIL

Last summer the Ojai Unified School Board created a Student Advisory Council (SAC). In September our Nordhoff students elected the following representatives: Senior Stella Moore, Junior Arley Sakai, Sophomore Grey D'Angelo and Freshman Sofia Moreno Boyd-Barrett. This group of students has been engaging with the School Board and attending Board meetings all year. The Board has expressed its deep appreciation for the insights shared by the SAC members. In fact, it has been an even greater collaboration than was anticipated!

This year's SAC representatives are planning a food truck lunch for a day in April (hopefully a sunny day!) and look forward to continuing to hear thoughts and concerns from the NHS student body on issues they would like to share with the Board. New members will be elected each fall. Congratulations to this year's members!

NORDHOFF HIGH SCHOOL'S HOBY AMBASSADOR ANNOUNCED

Congratulations to **Greta Griffen** for being selected as the Hugh O'Brian Youth Leadership (HOBY) Ambassador for NHS. Alternate Ambassador is **Sophia Massey**. Greta will represent Nordhoff and the community by participating in the HOBY Leadership Seminar. The 3-day Seminar will

take place at California Lutheran University in Thousand Oaks in June. High school sophomores throughout the country are selected, because they demonstrate outstanding leadership abilities and extra-curricular involvement. Sincere thanks to the Oak View Women's Club for sponsoring our students each year in this wonderful program!

GIRLS STATE WINNERS ANNOUNCED

Congratulations to **Jasmine Ramirez** who has been selected to represent Nordhoff High School this summer as Delegate at the Girls State Leadership Conference! Alternate Delegates are **Taylor Gonzalez and Haleigh Loomis**. The year's California Girls State will be held at Claremont McKenna College in Claremont, CA this summer. Boys State delegates will be announced at spring showcase in May. Sincere thanks to the American Legion and American Legion Auxiliary, Ojai Post 482 for sponsoring students in this unique summertime educational program where juniors from around the state learn about government, practical citizenship and leadership.

OJAI FILM SOCIETIES YOUNG FILMMAKERS COMPETITION

Nordhoff Video Production students are eagerly gearing up for the Ojai Film Societies Young Filmmaker Competition! This annual competition allows students from across the Ojai Valley to submit films that will be screened and judged on **May 11th 2-4pm at the Ojai Art Center** followed by a reception. Ojai USD students continue to prove themselves to be talented filmmakers offering big competition to other competitors. Students who place are awarded cash prizes! This is really an amazing opportunity for NHS filmmakers present their work in a competitive forum. Come out on see what the next generation of Ojai Filmmakers or capable of. These students are talented artists of many mediums.

HEALTH SCIENCE ACADEMY NEWS

Sheep eyes and brains aren't the only things facing close examination by Nordhoff's Health Science Academy (HSA). Medical Terminology, Anatomy and Physiology, and Emergency First Responder (EFR) classes are busy studying many exciting subjects, including the nervous, lymphatic, and muscular systems, laws governing the medical field, and medical charting. Elected HSA officers and their classmates are gearing up for the annual Health Occupations Students of America (HOSA) State Leadership Conference, which will be held in Sacramento in late March. "We've been working really hard this year for our competitions, and I am hopeful that we will be taking home some awards," said Health Science Academy President Julia Etchart. "The Cardiopulmonary Resuscitation (CPR) training has really helped me review in preparation for HOSA."

Students in EFR are studying injuries to soft tissue and their treatments. Ventura Pediatrician, Dr. Sara Marnell, recently visited the group. "Dr. Marnell spoke to us about the process of becoming a doctor and the lifestyle," said HSA Treasurer, Emily Masel. "I learned that being a doctor doesn't consume your entire life and you can still live normally outside of the job."

Meanwhile, Anatomy and Physiology students have participated in a slew of dissections in their study of the nervous and muscular systems, including the brains and eyes of sheep, a raw chicken wing, and a general dissection of rats. "My favorite dissection was the sheep eyeball because it was interesting to actually see what is inside," said Anatomy and Physiology student, Keianna Jasso. "It was cool to see the optic nerve and all the components of the eye, but a little gross at the same time."

Medical Terminology students have recently earned their certification in the Health Insurance Portability and Accountability Act (HIPAA) which regulates the privacy of personal medical records. In addition, students are learning to interpret medical charts and diagnoses. "It is really useful to learn HIPAA because it is a law that all medical professionals be certified and I am hoping to enter the medical field," said Medical Terminology student Taryn Broumand.

Health Science Academy President Julia Etchart plans for the continuation and expansion of the Academy in the future. "We have been able to welcome a lot more students this year," said Etchart. "and we are excited to do so in the coming years and help students achieve their goals of entering the medical field." **ANATOMY AND PHYSIOLOGY**

Here are some students contemplating their futures (as they do the Vision Lab) testing peripheral vision.

ROTARY CLUB STUDENTS OF THE MONTH

Each month the Rotary Club of Ojai West recognizes a student with a very distinct honor. The award is given not just for academic excellence, but to students who go "above and beyond" to help teachers, other students, and their community. Recipients are introduced at a Rotary breakfast meeting, are featured in the Ojai Valley News, and receive a certificate of achievement and scholarship check from Rotary West. Congratulations to each of these well-deserving students:

Sept. 25	Ashley Best
Oct. 23	Gio Torres
Nov. 27	Ashlynn Holland
Dec. 11	Bailey Thompson
Jan. 22	Jasmin Castro
Feb. 26	Angie Zirpolo

YEARBOOK UPDATE!

This year we are reducing the number of yearbooks being ordered from Jostens. If you are a senior or parent of a senior and want to guarantee there will be one available to you or your student it is highly recommended that you pre-purchase one online now at jostensyearbook.com.

- The price of the yearbook is currently \$85 w/ASB and \$90 w/o. This price will be going up to 95 at distribution. The ASB price is **NOT** available online.
- A new 3 month payment option is available online only. This feature will allow you to pay off the yearbook in 3 increments.

NHS GRADUATION REQUIREMENTS

Students must complete the graduation requirements shown below in order to earn a NHS diploma.

Minimum Graduation Requirements

Course	Minimum	Minimum	
	Requirements	Requirements	
	class of 2020	class of 2021,	
		2022, 2023	
English	4 years	4 years	
English 9 or 9 P or 9 H	10 credits	10 credits	
English 10 or 10 P or 10 H	10 credits	10 credits	
English 11 or 11 P or 11 AP	10 credits	10 credits	
English 12 or 12 P or 12 AP	10 credits	10 credits	
Social Studies	4 years	4 years	
College and Career Foundations	5 credits	5 credits	
World Geography P	2.5 credits	2.5 credits	
Health	2.5 credits	2.5 credits	
World History P or AP European History	10 credits	10 credits	
US History P or AP	10 credits	10 credits	
Government & Economics P or AP Gov.	10 credits	10 credits	
Mathematics	3 years	3 years	
	30 credits	30 credits	
Science	2 years	3 years	
	20 credits	30 credits	
Physical Education	2 years	2 years	
	20 credits	20 credits	
Visual & Performing Art or	1 year	1 year	
Language Other than English or	10 credits	10 credits	
Career Technical Education class			
Electives	65 credits	55 credits	
Minimum Credits for Graduation	225 credits	225 credits	

HOW TO MAKE AN APPOINTMENT WITH YOUR COUNSELOR

To make an appointment with your counselor visit the counseling office and fill out an appointment sheet. Please tell the counseling secretary if you have an emergency that you need to talk about right away. Futoran cfutoran@ojaiusd.org A-Hi Cull-Michels bcull@ojaiusd.org Ho-Ma Grady kgrady@ojaiusd.org Mc-Z

SCHOLARSHIPS

Generous local and community organizations offer scholarship opportunities to Nordhoff students. Many can be found listed on the CCC website. Visit https://sites.google.com/ojaiusd.org/nhscollegeandcareercenter for more information. Pay attention to deadlines and make sure you check the website for forms that you can download online. Students can make an appointment with Ms. Escobar in the CCC for additional help with scholarship applications. **There are scholarships available for every type of student so it is encouraged that all seniors apply.**

Help keep us informed of any scholarship, award or honor that your child has received by sending an email to sescobar@ojaiusd.org . Your email should list the student's name, name of the award, and the organization granting the award.

CALIFORNIA SCHOLARSHIP FEDERATION (CSF)

The California Scholarship Federation (CSF) emphasizes high standards of scholarship and community service for California high school students. CSF was started in 1921 to acknowledge high school students for service to their school and their community while fostering pride in academic scholastic achievement.

CSF Membership is based on scholarship and is gained after qualifying grades are earned each semester. In order to become a member, students must submit an application each semester that the student is eligible. A point system specified in the CSF State By-Laws establishes the membership requirements. To secure eligibility for CSF membership, a student must earn sufficient points from pre-approved course lists. The majority of the required membership points must come from University of California accepted coursework. Every semester of membership is recorded on transcripts.

CSF registration is held early in each semester. Students must apply every semester, when the previous semester's grades are available. It is up to the student to be diligent in applying and submit their paperwork and dues on time. Members will be required to attend a minimum of one meeting per month, and participate in at least one service project per semester. Deadlines are announced in the Bulletin and forms are available in the College and Career Center.

Life Membership (Sealbearer) is achieved during a student's senior year by qualifying as a semester member for at least four semesters. Sealbearers earn the CSF Gold Seal on their diploma, receive recognition on their transcriptions along with gold cords and pins at graduation. They are also eligible to apply for scholarships exclusive to CSF Sealbearers.

It is important to note that in order to be competitive for the CSF scholarships senior year members should actively participate in meetings, service activities, and leadership roles within CSF. Meetings are held every Thursday at lunch in the College and Career Center. The 2019 Sealbearers will be announced on June 5th at Awards Night.

More detailed information on membership, including course lists can be found in the CSF Handbook found online at http://www.csf-cjsf.org/ StudentAwards.asp

5

COLLEGE ADMISSION REQUIREMENTS

Students must earn an A, B, or C in every semester of the required classes listed below (University Entrance a-g list) in order to go directly to a UC or CSU after high school. These are recommended for students to be successful in community college, but not necessary to attend. They are not requirements to graduate Nordhoff High School.

UNIVERSITY ENTRANCE A-G LIST

a.	History/Social Science- 2 years required
	Two years of history/social science, including one year of World History, Cultures or
	Geography; and one year of US History or one-half year of US History and one-half year of American Government/Civics.
	NHS Courses: World History P, World History P Academy, AP European History, US History
	P, US History P Academy, AP US History, Government P, AP Government & Politics US.
b.	English- 4 years required
	Four years of college preparatory English. Students may use 1 year of ESL/ELD, SDAIE, or
	Sheltered English.
	NHS Courses: English 9 P, English 9 HP, English 10 P, English 10 P Academy, English 10
	HP, English 11P, AP English Language and Composition, English 11 P Media Arts Academy,
	English 12 P, AP English Literature and Composition.
C.	Mathematics- 3 years required, 4 years recommended
	Three units (equivalent to three years) of college-preparatory mathematics (four units are
	strongly recommended), including or integrating topics covered in elementary algebra,
	advanced algebra, and two-and three-dimensional geometry.
	NHS Courses: Integrated Mathematics IP, Integrated Mathematics IIP, Integrated
	Mathematics IIIP, Integrated Math IV P, Integrated Math IV HP, AP Calculus BC, AP
d	Statistics.
d.	Laboratory Science- 2 years required, 3 years recommended Two years of laboratory science, including two of the three fundamental disciplines of
	Biology, Chemistry, and Physics. This requirement can also be met by completing the
	latter of two years of a 3-year Integrated Science program.
	NHS Courses: Biology Intro P, Biology Intro P Academy, Biology P Academy, Biology P,
	Chemistry P, Chemistry P Academy, Chemistry Intro P, Chemistry Intro P Academy, Physics
	P, Physics HP, AP Physics B, AP Physics C, Human Physiology and Anatomy P Academy.
e.	Language Other than English- 2 years required, 3 years recommended
	Two years of the same language other than English.
	NHS Courses: Spanish IP*, Spanish IIP, Spanish IIIP, Spanish IVP, AP Spanish Language,
	French IP, French IIP.
f.	Visual & Performing Arts- 1 year required
	NHS Courses: Dance IP, Art 1P, Ceramics P, Ceramics P Advanced, Drama IP, Drama IIP,
	Gold 'N Blue Singers P, Music Theory AP, Honors Graphic Design, Honors Choreography
	ROP, ROP Computer Graphic Art P, ROP Video Productions, Studio Art P, AP Studio Art-
	Drawing, Symphonic Band P, String Orchestra P, Wind Ensemble HP
g.	Elective- 1 year required
	One year (two semesters), in addition to those required in "a-f" above. All courses must be listed under "a-f" above plus the following:
	NHS Courses: Economics P /Economics P Academy (one semester), Environmental Field
	Studies ROP P, Medical Terminology ROP, Lab Physical Science P/HP, Geoscience P, AP
	Psychology, AVID Senior Seminar P , College and Career Foundations, Environmental
	Science P.

Please note: this information is subject to annual revision. This is a list of NHS classes that have been approved by the UC system. Some of these courses may not be offered every year due to student interest or budgetary restrictions.

327 E. OJAI AVE.

109 N. MONTGOMERY ST.

NHS REGISTRATION FOR CLASSES IN 2019-2020

Registration for 2019-2020 began in February. February 26- March 1, all students were presented with information on classes available, graduation requirements, college requirements, NCAA requirements, and given paperwork to indicate their course requests for the next school year. March 4-March 8, each student is scheduled to have an individual appointment with his or her counselor to review course selections, collect paperwork, and discuss graduation status and future plans. Please review the paperwork with your child at home. All information and paperwork presented will be available on the counseling department website in early March.

The deadline to make changes to courses selected at registration is April 8th at 9am. Class selections are for the entire school year. Change requests cannot be guaranteed and are contingent upon multiple factors. Please review your child's course selections to ensure accuracy.

Parents will receive a confirmation letter mailed out March 19th listing the courses that your child has requested for the fall. Parents are asked to review this letter carefully to identify any areas of concern and to leave a message or email the counseling office if a change is needed. Counselors will review first semester grades to determine if a student needs to attend summer school, or have their schedule changed for the fall.

NHS COLLEGE FAIR

Nordhoff High School's College Fair ill be held on Friday, April 12th in the gym om 9:30am to 12:50pm. Juniors will get xclusive access to the Fair during Seminar nd will be treated to a breakfast treat! eniors are encouraged to come to a special anel presentation in the CCC during Seminar, pokies and coffee will be served. The Fair will e open to all students during Lunch. We hope ou will take advantage of this opportunity to eet some college representatives and learn ore about higher education options. Public, rivate and WUE colleges and universities will e in attendance as well as military and trade schools. More information will be distributed in early April!

THE CONSEQUENCE OF FAILING CLASSES AT NORDHOFF HIGH SCHOOL

By Dave Monson

Nordhoff requires that all students earn at least 225 credits in order to qualify for a high school diploma. But those credits must be earned in certain areas to also qualify. Every student needs 40 credits of English, 40 credits of social science, 30 credits of math, 20 credits of science, 20 credits of PE, 10 credits of Fine Arts or Foreign Language, and 65 elective credits.

When a student is enrolled in six classes, they can earn 60 credits for the year. If this done for four years (Freshman through Senior year), they can earn 240 credits. This provides a cushion of 15 credits and allows a student to either have fewer than six classes by junior or senior year or compensate for failing a class without getting off-track for graduation. However, if a student fails English or social science, they must either re-take the class during summer school (which may not always be available due to budget restraints from the state) or re-take the class at a community college or online at your own expense and time.

Sadly, NHS has noticed a trend of students failing classes without much concern or worry from the students. When students accept failing grades as a freshman, it becomes more acceptable in the following years—to the point where students are no longer on-track to graduate from NHS.

When a student is no longer on-track to graduate from NHS due to credit deficiency, these students are transferred to Chaparral High School for at least a semester or two in order to retrieve lost credits. We try to make the transfers at the start of the junior year in hopes the student can earn back lost credits, earn credits for their junior year, and return to NHS as a senior.

We do not like to see students leave NHS due to failing grades, but our top priority at NHS is to help students earn a high school diploma in four years—whether that is from NHS or CHS. We understand there is a myriad and complex arrangement of reasons why students fail classes at NHS, but there is no one-size-fits-all formula. We work with students on a case-by-case basis to try and determine the reasons but also solutions.

In closing, if your student is struggling academically, please utilize the plethora of programs and support services available at NHS, such as after school tutoring, private meetings with teachers, or appointments with counselors, just to name a few. Please talk with your student about the importance of passing their classes and not accepting failure as an option.

- Math tutoring: Tuesday and Thursday 2:45-3:30 D11
- All subjects tutoring: Monday 2:15pm-4pm and Tuesday-Thursday 2:45pm-4pm Library
- Teacher meetings: By appointment and availability, seminar period Thursday and Friday
- Counselor meetings: By appointment and availability

PREPARE FOR GRADUATION

NORDHOFF HIGH SCHOOL 2019 GRADUATION

Please visit our website: www.ojaiusd.org/nordhoff for additional information including the (complimentary) Senior Lunch, Grad Night, graduation rehearsal and more! Last day of school: Wednesday, June 12, 2019

Graduation: Thursday, June 13, 2019

6:30 p.m.

Ojai Valley Community Stadium.

There is no limit on the number of guests a student may invite. Seating is, however, on a first-come, first-served basis. <u>We will have chairs on the field for those who cannot walk up the bleacher steps.</u>

CITIZENSHIP PROGRAM AND GRADE

The Ranger Pride Citizenship program reinforces the OUSD character traits through a school-wide citizenship grade. Traits such as punctuality, honesty, self-control, responsibility, and respect are monitored, and when students fail to meet these basic expectations for appropriate behavior in and out of the classroom, their grade will be impacted.

Since we expect all students to practice our district-wide character traits, every NHS student begins the year with 100 points, which equals an A+. If a student is tardy to class, violates the dress code or cell phone policy, receives a classroom referral, or earns a suspension from school, their citizenship grade will drop according to the point deductions below:

Points	Grade	Campus violations	Point deduction
100-90	А	Tardy, Citizenship violation	5 points
		(littering, minor classroom issues)	
89-80	В	Lunch detention, dress code, cell phone violations, campus violations	10 points
		violations, campus violations	
79-70	С	Classroom referral, truancies, SARB letters	15 points
69-60	D	In-house suspension	30 points
59-0	F	At-home suspension	50 points

When a student's grade drops below 60 points, which equals an F, the student will lose campus privileges such as dances, rallies, athletic and performing arts participation, and other extracurricular activities. We update grades approximately every two weeks so it is important that students and guardians / parents monitor this grade on their Student/ Parent Connect account.

If a student needs to raise their grade, they can seek any teacher, staff member, or administrator to work back some lost points by helping in the classroom or on campus. Students will earn back 5 points for every 30 minutes of work. The supervising adult will email Mr. Hall to report time worked. Staff members also nominate students weekly to earn citizenship points through random acts of kindness, such as helping a teacher or administrator without being asked, or assisting a student in need.

In our experience, some students can quickly earn a failing grade with multiple tardies or other behavioral issues. If students are late to class, they should be prepared to do some work sooner rather than later in order to avoid the loss of campus privileges.

Please feel free to contact me at jhall@ojaiusd.org if you have any questions about the program and /or grade.

FINISHING STRONG

We are rapidly approaching the conclusion of this school year. Right now, the focus of your student should be on maintaining and improving school life and you can help. Your attention and involvement in this effort will reinforce the importance you place on your child's education and have a tremendous positive effect on his/her school life.

- 1. Talk to your student about his/her social, extra-curricular, and academic realities. High school can be stressful and these conversations will help you both by providing insight and new perspectives. Academics are important, but few of us have memories of those challenges. Instead, we tend to remember high school relationships and social experiences, but life was better during this time if we were confident about grades.
- 2. Reinforce positive and successful school habits. Attention in class, homework, test preparation, and attendance are key factors.
- 3. Access and review your student's class progress and attendance on Parent Connect.
- 4. Talk to your student about ways to improve school life. You've 'been there/done that', and probably know how you might have improved your experience.
- 5. Identify and encourage tutoring and study assistance opportunities available at the school.
- 6. Help your student to increase focus and effort. 'Coasting' is a natural, but damaging tendency later in the school year.

Your involvement is a tremendous positive factor for a successful high school experience. Your interest, willingness, and dedication to helping your child succeed provides an unmistakable message. Your child will thank you for it - someday.

TEST ANXIETY

With the CAASPP, SATs, ACTs and AP exams fast approaching, students often feel a sense of anxiety during testing weeks. Their normal routine is altered. Class schedules are different than their normal dayto-day campus life. Seating is rearranged and tests are rigidly administered keeping within time restraints. Parents can help tremendously by assuring they get a good night's sleep, eat a healthy breakfast, and arrive at school fully awake and on time.

Even those students who are well prepared can be affected by testing pressures. **Parents can positively** support their students by coaching skills that reduce anxiety and produce better test results. Sharing these tips with your student will have a positive impact and reinforce your support.

- LISTEN CAREFULLY TO ORAL DIRECTIONS. Then read the directions carefully yourself and highlight, circle, or underline key words.
- **READ EACH QUESTION AND TRY ANSWERING IT** before looking at the possible answer choices.
- EVEN IF YOU KNOW THE ANSWER, read all the answer choices carefully before you make a decision. You may find an even better answer.
- IF YOU DON'T KNOW THE ANSWER, highlight, circle, or underline key words that can help you determine the correct answer.
- CROSS OUT ANSWER CHOICES that you know are definitely wrong.
- IF YOU'RE STILL NOT SURE, make a reasonable guess. Ask yourself which answer is true more often or makes more sense.
- DON'T SPEND TOO LONG ON ONE QUESTION. Circle the question and move on.
- WHEN FINISHED go back and complete the questions you skipped.
- DO NOT CHANGE AN ANSWER unless you are absolutely sure you made a mistake.
- Here are 6 effective tips to getting your sleep-deprived teen to sleep better.
- Make your teen's bedroom a dark and quiet place. Make sure they turn off their computer before they get in bed. Also make sure to urge your teen to shut off all headphones and music electronics. Contrary to what they believe, music isn't helping them get quality sleep. If your house is loud at night recommend earplugs for your teen. Advise your teen to keep their door shut when they go to bed. Turn their clock to face the wall so they don't make it a habit to check the time while they're in bed. You can also buy them a lightweight and comfortable sleep mask that prevents light entry.
- 2. No cell phones in bedrooms or an hour before bedtime. Cell phones can "ping" at night when new messages come in and this can disrupt the sleep cycle for teens, who tend to wake up easier during the night. The light emitted from cell phones, tablets, and computers can prevent the brain from naturally releasing melatonin, the chemical that puts us to sleep.
- 3. Set rules of no caffeine a couple of hours before bedtime. This one might seem like a no-brainer, but sometimes teens forget that caffeine can be hidden in some of their favorite sodas and snacks. Make sure to get your teen into the habit of monitoring caffeine intake throughout the day. If they're craving something hot to drink, then recommend a warm cup of herbal tea. One or two strong cups of tea can help them mellow out.
- 4. Cool down before bed. Try to keep your teen's room cool (about 68 F). A study found that sleep occurs faster when the body cools down. It's common for us to wake up when the room gets hotter.
- Get them in the habit of bringing light in when they wake. Tell your teen to open the shades or 5. turn on the lights when they wake. The early light of the day helps them "reset" their brain to push their bedtime to an earlier hour.
- 6. Consider giving them high-carb snacks if they have trouble falling asleep. In their book Smart Cookies Don't Get Stale, dietitians Catherine Christie, PhD, and Susan Mitchell, PhD, recommend that eating high-carb snacks before bed does the trick. These snacks make you warm and sleepy. Consider trying these snacks out: pretzels, cereal, graham crackers, fresh fruit, dried fruit, fruit juice, vanilla wafers, saltines, popcorn, or toast with jam or jelly. (Christie and Mitchell also recommend aromatherapy to boost sleep. Orange blossom, marjoram, chamomile, and lavender scents are some examples of soothing smells for bedtime.)

IMPORTANT TEST DATES

April
