A MESSAGE FROM THE PRIDE LEADER

Dear Oslo, Middle School Families,

It's hard to believe that we are already into the month of November! As we move forward to Quarter 2, we cannot stress enough the importance of student engagement in Reading and Math learning. Course content is progressing, and it is imperative for students to keep up with their schoolwork. Parents, please be sure to check your child's progress on Focus and reach out to their respective teacher for any support. Meanwhile, connect with us on Twitter, Facebook and our schools' website for the most current information and updates on all the amazing things happening at Oslo Middle School. Remember to believe in B.L.U.E. because BLUE believes in you!

Best Regards,

Mr. Robinson M.A., Ed.S

STUDENT ATTENDANCE

School attendance is one of the strongest predictors of student success. Good attendance provides students with opportunities to learn in the classroom and develop into strong students and citizens. Absenteeism has a negative impact on students' educational progress and sense of responsibility.

Design thinking is a flexible framework for getting the most out of the creative process. It is used in the arts, in engineering, in the corporate world, and in social and civic spaces. You can use it in every subject with every age group. It works when creating digital content or when building things with duct tape and cardboard. Design thinking isn't a subject or a topic or a class. It's more of a way of solving problems that encourages risk-taking and creativity.

POSITIVE FOOD FOR THOUGHT BECAUSE TODAY IS GOING TO BE A GOOD DAY!

I'm thankful for waking up today.

I'm going to school so I can learn and even go to college or Trade school to be the leader I was created to be.

I'll be educated by my teachers and empowered with tools to be successful within my community and throughout our country.

I apply myself daily, I study, I ask questions when I don't understand and When I'm confronted with a problem or

a conflict

I think before I act.

I ignore all the negative influences in the classroom and throughout the day.

I'm extremely proud to be the next generation of leaders.

I accept responsibility and love the challenge.

When I'm confronted with a problem or a conflict

I think before I act.
