Message From The Principal

Hello Chiefs,

What an amazing school year thus far! We are in testing season and students are expected to perform well on all of their state assessments. A BIG kudos to our entire Santaluces Community. I am so proud of all of students, parents, faculty and staff members.

Congratulations to the Class of 2024! Graduation will be held on Tuesday, May 14, 2024 at 8:00 a.m. at the South Florida Fairgrounds. Congratulations to the Class of 2024. Good luck in all of your future endeavors and I cannot wait to see you walk across the stage at graduation.

Please read our newsletter thoroughly. There is a lot of important information as we get ready to close out the school year.

As always, do not hesitate to contact me should the need arise.

Principal Robinson

Here Comes the Bus

Here Comes The Bus is an easy-to-use website and application that enables you to see the location of your child's school bus on a smartphone, tablet, or personal computer. You will be able to know when the bus is near your stop, so you can send your child out at just the right time.

You and your children can access all the information about the buses you need using just one "Here Comes the Bus" account. "Here Comes the Bus" uses HTTPS, just like a bank or online store, which means that all communications between your web browser and the site is encrypted and secure. (That's what the S in "HTTPS" stands for – secure.) The Here Comes the Bus website is available in Spanish and French, in addition to English. If your computer is already set to display one of these languages, the website will automatically use the same language. Otherwise, you can change the language by clicking the current language (such as English) at the top right of the web page. A student's location is not being tracked by the application. Here Comes the Bus® only tracks the location of the bus. "Here Comes the Bus" is available at no cost to all families.

For directions on how to download the "Here Comes the Bus" application, visit <https://help.herecomesthebus.com/en/support/home>.

School District Palm Beach County Summer Internships

Welcome!

The School District of Palm Beach County is pleased to provide several paid student internships, in various District departments, during the summer of 2024. Our internships provide current high school juniors and seniors who are 16 years of age and older, and recent School District of Palm Beach County graduates attending undergraduate programs at a college or university, with the opportunity to gain valuable experience in a wide variety of fields.

The application window is now open!!! The selection process will involve screening the applications and references and, for finalists, a job interview. Interviews will be conducted and offer letters will be sent. Internships will last 6 weeks. Department interns will work from June 10 - July 29, 2024 and IT interns will work from June 24 - August 8, 2024. Both will have the week of July 4th off. School-based interns will work June 4 - July 18, working the week of July 4th.

Questions? Email studentinterns@palmbeachschools.org

The District prohibits discrimination against applicants on the basis of religion, race, ethnicity, national origin, color, gender, and disability in any of its programs, services or activities.

Fun Activities that Prevent the Summer Slide

Summer Parenting Tips that Help Support Learning and Prevent Summer Slide

Children often relish those school-free summer months. Time away from the classroom, however, often leads to the “summer slide,” or the loss of academic skills. When kids are not engaged in scholastic activities, they can regress and forget what they learned the previous year.

These summer parenting tips about such activities can help kids of a wide range of ages and learning differences. It is often as simple as incorporating learning into day-to-day life.

Spend Time in the Kitchen

Cooking is old hat for many parents, but it is a new educational experience for kids. Integrate children into the cooking process by measuring ingredients, reading recipes, watching the stove timer or dividing up portions for dinner. This reinforces math and reading skills without making children feel frustrated or intimidated.

Explore the Outdoors

“Green-thumb” parents can ask children to help plant a garden. Kids learn where flowers and food come from and how they grow with care and nurturing. Time with nature is great for children; families can pitch a tent in the backyard if they don’t have time to go camping. Exploring the trees, critters and soil on local trails and in parks enhances kids’ appreciation of the earth.

Play Games and Do Crafts

Flash card games, like math war or concentration, help with computation and memory skills. Just a few minutes a day feel like play time and give kids the esteem boost of a solved problem. Families can play cards or have a regular board game night to enhance strategy and problem-solving skills. A daily craft activity promotes dexterity and language skills. Kids who like comics can write their own with original text and pictures.

Read Everything, Everywhere

Kids engage with words every moment of the day. They should read cereal boxes, menus, recipes and signs as they go about their summer activities. Reading aloud to kids before bed and supporting their solitary time with books help improve reading fluency and enjoyment. A family blog gets kids interested in writing. Kids may create a scrapbook of summer activities with printed pictures and pages they can flip through.

Take a Field Trip

Whether it is going to a baseball game, a museum or the local park, kids learn when they are engaged in an activity. Parents can discuss strategy at the game and talk about kids’ favorite parts of museum exhibits. A walk to the park is an opportunity to talk about the neighborhood and its history, using language and analytical skills.

- Request program enrollment on <https://palmbeachcountyschools.reg.eleyo.com/child-care/2/camps>
 - Instructions for requesting enrollment in Eleyo are below.
- Upon acceptance into the program, pay camp registration fee.

Florida Department of Agriculture and Consumer Services Highlights Summer BreakSpot Program

To help ensure that Florida children have access to wholesome meals during summer break, the Florida Department of Agriculture and Consumer Services partners with schools and organizations to provide free meals to kids and teens from low-income areas. The Summer BreakSpot Program provides meals at no cost to children 18 and under, while schools are closed for the summer. There are several ways to find a Summer BreakSpot site:

- Dial 2-1-1
- Text "FoodFL" to 304-304
- Visit SummerBreakSpot.org

Summer BreakSpot sites include open sites and camps (residential and non-residential.) Open sites are sites where meals are available to all children in the area on a first-come, first-served basis. Acceptance and participation requirements for the program are the same for all children regardless of race, color, national origin, sex, age, or disability.

Summer BreakSpot is part of the National Summer Food Service Program, a federally funded program operated by the United States Department of Agriculture (USDA.) For more information, please visit: SummerBreakSpot.org.

In accordance with federal civil rights law and USDA civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotope, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

Mental Health & Well-Being

Mental health is our ability to live fully, engage with others, and respond to challenges. Youth mental health can be understood as how they (children and adolescents):

- relate to others through social interactions and relationships,
- feel and experience emotions, and
- act and behave in different settings.

Like physical health, mental health exists on a continuum. A person may have times where they experience strong/positive mental health and well-being. Other times, the same person may experience challenges to their mental health and well-being. Mentally healthy students are more likely to go to school ready to learn, actively engage in school activities, have supportive and caring connections with adults and young people, use appropriate problem-solving skills, use positive behaviors, and add to positive school culture.

Mental health and well-being connect to resiliency (the ability to bounce back after tough times) and is important at every stage of life, from childhood and adolescence through adulthood. Any parent, guardian or caregiver with concerns about the social, emotional or behavioral well-being of their child should contact their child's school.

What is Skills for Learning & Life (SLL)?

Skills for Learning & Life (SLL) lead to youth and adults achieving academic, post-secondary, career and life success. SLL strengthens teaching and learning of academic content, builds confidence, supports mental health, and enables youth and adults to overcome challenges.

The School District of Palm Beach County's SLL Framework is based upon required Health Instruction as outlined in Florida State Statute 1003.42(n)(4) and involves acquiring and effectively applying knowledge, attitudes, and skills of self-awareness and self-management, responsible decision-making, resiliency, relationship skills (including conflict resolution), and social awareness (including understanding and respecting other viewpoints and backgrounds).

SLL Competencies:

- Self Awareness & Self-Management
- Resiliency
- Social Awareness
- Relationship Skills
- Responsible Decision-Making

School Programs that support SLL:

- Safe School Ambassadors
- Peer Mediation
- Morning Meeting
- Community Circles
- We Dine Together
- Safety Patrols
- Kindness Matters

The School District of Palm Beach County realizes the importance of a safe and supportive school climate. Successful implementation of SLL curriculum and programming is essential for student success as it allows for students to practice life skills throughout their school experience.

Athletics and Activities Update

Interested in playing a sport for the upcoming school year?

Families of middle and high school student-athletes who are required to submit an athletic packet may do so either on paper and turn the form in to their athletic director as they have in the past or register digitally through the Aktivite website.

Please know that confidentiality concerning student-information is a priority to the School District.

- Go to www.aktivite.com
- Click Login
- Click Create an Account (You only need ONE account, even if you have children in more than one high school and/or junior high; Do Not create another account if you have used Register My Athlete in the past)
- Fill in personal account information (this should be the Parent's personal information)
- You will be using the site as a Parent
- Click Submit

After you have an account:

- Login
- Under the Parents header (Blue), Click the button labeled "Click here to start/complete athlete registrations". (the first time you log in you will be asked to agree to terms and conditions)
- Click Start/Complete a Registration (upper left hand corner of the page)
- Click Start a New Registration - this is where you will enter all of your Athlete's information
- Click on the red bars to complete all requirements
- Click the orange button on the lower left side of the screen for live chat or email support@aktivite.com for assistance
