## Principal's Notes

Yellow Jacket Family, we are having a great school year and preparing our students for all of their assessments. Student assessments provide both formal and informal information about how and what students are learning. Assessments have a great focus in the classroom than ever before and play a unique role in the learning process. Our teachers at St. Augustine High School are focusing on 4 best practices that help prepare our students for assessments. These are as follows:

Dr. DeArmas Graham

- 1. Review and Practice** – Many teachers find that holding review sessions, issuing practice tests, and teaching test-taking skills to be the most effective strategies of assessment preparation. Practice tests are frequently used because well-designed practice tests support learning, serve as a review, and builds students' test-taking skills. Additionally, our teachers have implemented periodic benchmark assessments as a predictor of student performance on state assessments. Teachers have used the results of the benchmark assessments diagnostically to guide their instruction.
- 2. Differentiating Instruction** – Small group instruction, peer tutoring, and web-based programs are some of the most popular strategies teachers use to prepare students with diverse learning needs for testing. Small group instruction enables teachers to focus on the particular needs of the group. Peer tutoring benefits both students because one student gets extra help while the tutor gets to develop skills that reinforce learning. Web-based programs allow teachers to focus on specific content for a group or individuals to help prepare them for assessments.
- 3. Engage and Motivate** – At SAHS, we believe that learning should be rigorous, but FUN. Teachers report that interactive content, such as games and competition, helps engage and motivate students. Additionally, enabling students to monitor their own progress keeps them involved in their learning and makes them feel successful as they watch their individual results improve.
- 4. Partner with Parents** - We believe that it takes a village. Communicating with parents on a regular basis is an integral part of engaging our parents and their child's success in testing. Teachers at SAHS use other tools such as email and websites to communicate with our parents. These tools give parents visibility into their child's progress and convey ways in which they can help their child at home.

Thank you **Mrs. Jen Stevenson** (PTO President) and the parents who serve on our PTO HIVE Committee at SAHS! The faculty/staff at SAHS are very appreciative of our PTO HIVE and their continued support for our teachers. SAHS is a Great school because of outstanding teachers, parents, business partners, and volunteers!

Parents, I want to encourage you to continue to check Schoology and HAC.

GO JACKETS! #DTW

DeArmas Graham, Ed.D.

## BRAVE Summit

We are pleased to announce that the 2nd annual BRAVE Summit is scheduled for March 30, 2022 at **The St. Augustine Amphitheater**. The Summit aims to open a dialogue with teens to address the stigma associated with mental health and encourage teens to learn about how to foster mental wellness.

**The Mission:** To provide pathways to support systems for those young people who are struggling or know someone who is struggling, so that they feel equipped to ask for and provide the support that is needed.

This year, we are looking to make a big impact on young people by way of the 2nd annual BRAVE Summit. This will be a **FREE, LIVE event, accessible to all high school students, in Putnam, Clay, Flagler, St. Johns, and Nassau counties**. The event will take place at the St. Augustine Amphitheater. We are excited to provide free food, entertainment, music, and speakers all centered around the singular message of breaking down stigma and talking about the issues affecting teens the most.

### Dance

#### 2022-2023 Auditions

On Feb. 7, 2022 our SJCCA Dance Officers worked hard to put on an inviting, fun, and supportive dance audition to welcome our prospective new students for the 2022-2023 school year. We were amazed at the variety of middle schools these dancers came from and hope they all choose to join our program if they were accepted!

#### The Collective Competitions

In January 2022, The Dance *Collective* attended NDA Regionals and UDA States within the same week. This is the first year this particular competitive dance team attended events of this size and intensity and their accomplishments at each were outstanding! They represented SAHS and SJCCA like champions. Results are below:

#### Regionals

- 2nd Place in Hip Hop
- 3rd Place in Jazz

#### States

- 4th Place in Hip Hop
- 6th Place in Jazz

#### Spring Dance Show

On March 24th and 25th, our dance program will finally be able to put on our show that was cancelled in 2020. We are entitling it "Hollywood: Unmasked". In this movie-themed show, we will be re-staging routines that were originally meant for the 2020 show, as well as showcasing some new ones! Any dancer from the Class of 2020 will be invited to come back and sit in the VIP section together to enjoy watching the future of SJCCA Dance put on the show that they began 2 years ago.
