Vision: Learning Gains for Every Student, Every Day

Mission: To provide challenging learning experiences in a safe learning environment so all students are prepared for continued education, career and life.

We will accomplish this mission through our core values:

CREATE: We will use our imagination and ingenuity to bring the students' education to life in ways they will always remember.

INSPIRE: We will create classrooms that excite, motivate and prepare students to be lifelong learners

LEAD: We will guide them in developing skills needed to survive and thrive in education, career and life.

PRINCIPAL'S MESSAGE

Welcome Back!

A new school year presents opportunities for various beginnings- new classes, new faces, new clubs/ activities, and sometimes new courses. I hoped you are relaxed, energized and ready as we approach the opening day of a new school year.

I value your commitment and passion for our school and I look forward to working with you and your scholars. Our skilled and dedicated staff is already planning and preparing for your scholars. They have dedicated many hours of Professional Learning, in the areas of AVID Strategies, Restorative Practices, Equity Training and content specific trainings on differentiated instruction and rigorous and relevant instructional practices. We will evaluate our current practices, conduct data analysis and set school improvement goals for the 19-20 school year.

As we begin this year, we will continue to strive for our school's vision: "Learning Gains for Every Student, Every Day!" This is best accomplished through a team approach. When the school, the students, the parents and the community work together, with student success as their focus, GREAT things will happen. Our PTSA is gearing up to welcome families, provide volunteer opportunities and offer other exciting events.

There is no doubt that the teachers at TSMS are committed to the learning and development of every student, but, by itself, and without the commitment of each individual student, and parent success will be limited. We need your help in teaching every scholar to accept responsibility for his/her own learning and to set ambitious goals. Our students are 21st Century learners and we will use 21st Century tools and strategies to secure their success in a new and global economy.

As always, if you have any questions or concerns, please feel free to email, call, or stop by. My door is always open.

Kind Regards

Raquel P. Giles, Principal

In the event that your child becomes ill or is injured at school it is imperative that the school office have access to the parent(s) home and business telephone number(s) and a minimum of two emergency contact persons with telephone numbers. School Board policy prohibits school personnel from administering all but the most basic first aid, (i.e. ice and Band-Aids). In a situation where a student needs more involved treatment, and the parent(s) or emergency contact(s) cannot be reached, the school will contact 911 for assistance. MEDICATION POLICY: School personnel may assist students in the administration of prescribed medication only when an authorization form has been completed by the parent. The medication must be delivered by the parent to the school in the original container. Eye and ear drops will not be administered by school personnel. "Across the counter" medication (aspirin, cough drops, etc.) requires an authorization card (orange) completed by both the parent and a medical doctor or dentist.

VOLUNTEERS

Volunteers play an important role in the daily school experience of our children. There are many ways to get involved in the volunteer program: through PTSA, SAC, assisting teachers and children with curriculum, field trips, dances and much more. Feel free to contact the school's Family and Community Liaison at (727) 943-5511 ext. 2007 for information regarding our volunteer opportunities. Volunteers must be registered at the school.

PTSA MEMBERSHIP

PTSA is an organization of parents, teachers and students working together to improve the quality of education in our school. Joining the Tarpon Springs Middle School PTSA makes you a member of both the state and national PTSA. Meetings, informative programs and fund raising activities are sponsored by PTSA throughout the year. General membership meetings are held in the evenings, usually in conjunction with a school activity. Board meetings are held monthly. In Middle School, the students can also join the general membership and/or participate on the board. Our PTSA is in need of a Treasurer, Membership Coordinator, and a Committees Chair. You may contact the PTSA president, Kathryn Meslin at TarponSpringsMSPTSA@gmail.com, if interested.

SCHOOL ADVISORY COUNCIL (SAC)

The School Advisory Council (SAC) provides the linkage between the school, parents and the community at large. The SAC plays a major role in determining the goals of the school and the means to achieve these goals. All parents and community members are invited to attend the monthly meetings and to consider active membership on the council. All meetings are open to interested parents and community members. Dates of the meetings are listed on the school marquee and published in the school newsletter. SAC meets the 3rd Tuesday of every month in the Media Center at 6:00 pm. For more information, contact Tina Chagaris SAC Chair at chagarist@pcsb.org.

PRIVACY AND FAMILY RIGHTS

Privacy and family rights are protected under Federal Law. The intent of this law is to protect the accuracy and privacy of student records. Without your prior consent, only you and authorized individuals having legitimate educational interest will have access to your child's educational records. You have the right to review all of your child's records by making an appointment at least one working day in advance. Requests for copies of school records should be made in writing and allow one week's notice. An assessment of .10/per page will be made.

PARENT INFORMATION
