For the Parents, Students and Community of Venice High School

Principal's Message

Greetings Venice High School Families,

On behalf of the Venice High School faculty and staff, it is my pleasure to extend a heartfelt welcome to you as we begin the 2020 – 2021 school year. For those students and parents who are new to the Venice community, we extend an especially warm welcome and wish for you to have a positive and productive year. You will find our school to be a very safe, welcoming, and student-centered learning environment.

As we embark upon an uncertain future due to the pandemic we are facing, many stakeholders are anxious to know what is in store for the 2020 – 2021 school year. District and school leaders have been working closely with our local health department, planning and preparing for a safe opening. COVID-19 has presented several significant circumstances, challenges, and hardships since March. Consequently, returning to school this year will be different from year's past. Continuing to limit the spread of the COVID-19 virus will be at the forefront of our collective efforts. Per school district guidelines, students may choose from an educational plan that takes place in person or remotely. We will also have plans for students who are quarantined to stay up-to-date with coursework while out of the classroom.

As plans and information from the State, School District, Centers for Disease Control and Prevention (CDC), and Department of Health evolve, we want to promptly communicate this information with all families. We are asking that you please take an opportunity to ensure your personal information is current or updated by visiting <https://parentportal.sarasotacountyschools.net>.

The district is striving to provide safe and efficient transportation to our students. Due to COVID-19, the district is asking for families to complete a pre-registration form for each student who will be riding the bus. You can pre-register through the

following link: <https://www.sarasotacountyschools.net/page/1352>.

This year, student and family orientation will be conducted through a video series and small group campus tours. Tours will take place beginning on August 10. The link to view the video series will be posted on our school's website under announcements on August 17.

You can follow this link to view: https://www.youtube.com/channel/UCFfdEbmGU2A_nTRK89JxllA.

Coming back to school from summer break is an adjustment for many of us. Please remember that our school day begins at 7:30 am. All students must arrive at school and class on time each day because every minute of instructional time is important. Arriving ready to learn also means dressing appropriately for the business of education. We want our students to take pride in everything they do here at Venice High School. Please take the time to become acquainted with Venice High School by exploring our website <http://sarasotacountyschools.net/schools/venicehigh>. You can learn more about the school's program of studies, code of conduct, extracurricular programs, activities, and events. If you have questions about our school, please feel free to contact us through e-mail, phone, or in person.

I look forward to working with you to ensure that all students have a positive experience at Venice High School. We will continue to provide on-going communication to VHS families as we get closer to the August 31st start date. Please feel free to contact me if you have any questions or suggestions. Enjoy your remaining summer break!

Sincerely,
Eric Jackson
Principal

Important School Information

Students attending Venice High School in person:

- On August 31st, per the School Board of Sarasota County Public Schools and order 2020-EO-06, Venice High School will be open and available for “brick and mortar education, five days a week” for all students who wish to attend.
- Our faculty will strive to provide high-quality, face-to-face educational experiences for all students while implementing responsible safety measures. This will involve implementing personal protective equipment and procedures as well as systemic disinfection and cleaning protocols.
 - ▶ Hand sanitizer stations will be available throughout the campus.
 - ▶ Students and staff will transition through academic buildings via distinct, separated traffic patterns.
 - ▶ Transparent desk shields will be utilized in each classroom.
 - ▶ Students are encouraged to bring their electronic devices as all core academic textbooks are available on-line.
 - ▶ Deep cleaning will take place each night which disinfects all surfaces.
 - ▶ All students riding the school bus will be required to wear face coverings
 - ▶ Students will be required to wear face coverings as they transition in the hallways due to the proximity of other students and staff.
 - ▶ Students will be separated in the cafeteria as best as possible and outdoor seating will be utilized for additional seating.
 - ▶ The current locker-room setup will not be used at the start of school for changing into physical education uniforms, how this process will work is still in development.
- In the event, a student becomes ill, temperatures of over 100.4 will need to be picked up by parents/guardians and stay home until they are fever-free for 72 hours without medication.

Students attending Venice High School through a remote learning platform:

- We will provide remote learning with the same curriculum as in-person instruction with the ability for students to interact with their teachers daily. This mode of learning will be conducted remotely and through a digital platform, including an interactive live video with the teachers.
- Student attendance will be taken each class period.
- Students will be assigned a specific time to log into the remote platform to actively participate in the class lesson, discussion, and activities. This will be teacher-directed and will require students to participate through a remote digital platform (Microsoft Team, Zoom, or another video conference platform).
- Students, like in the traditional school setting, will be expected to complete assignments daily.
- Utilizing the platform, students will have the opportunity to interact with their peers and work on group projects.
- The same activities and instruction that take place in the classroom will occur through the remote platform, and the same expectation of student behavior and performance will be required.
- This will not be the same as the 4th quarter. Grades will follow the same structure and expectations as students are accustomed to at Venice High School.
- Students will have the opportunity to transition back to the in-person learning at the end of each quarter, as long as notice is given so that a proper schedule can be created for the returning student.

Venice High School is very lucky to have a unique program that assists students of all ages in planning for their post-secondary education. Since 2002, the Rotary Futures College Resource Center has assisted students with college and vocational school decision-making, SAT/ACT information, college/school applications, résumés, essays, scholarships, financial aid and much more. All services are FREE! Visit our website at www.rotaryfutures.org. We are on Facebook and Instagram, too!

Scholarships for Seniors

Rotary Futures has a **Scholarship Database** for high school SENIORS ONLY. The database holds approximately 500 institutional and private scholarships totaling more than \$60 million in scholarship dollars. The beginning of Senior year is the best time to start using this database.

Résumés

Résumés and letters of recommendation are important tools for seniors as they apply to post-secondary schools--colleges, technical or vocational schools. These are also important when they apply for scholarships. Résumés help to organize your activities during your high school years. They can be sent with college applications and are a requirement of many scholarships. We have a sample résumé to help you get started.

Recommendations

SENIORS—Recommendation letters ARE NOT REQUIRED by any of the Florida public universities except New College of Florida and Florida A & M. Private and out of state schools may have other requirements. Please be respectful when requesting letters of recommendation from teachers and counselors. These letters take a great deal of time to write, and you need to give teachers and counselors AT LEAST 2 weeks' notice to complete these important letters. Also, please only ask 2 teachers to provide a recommendation. Do not ask for several and compare to see which you like best! This would be very inconsiderate of the time each teacher takes with your request. Recommendation letters WILL be required for the

scholarship process. Scholarships may require different numbers of letters, so we recommend obtaining two from community members (job, church, community service) and two from academic sources (teacher, guidance counselor.) Many counselors and teachers require a résumé or completion of their own form before they will write your recommendation. For scholarship purposes, students may make copies of these letters. Do not wait until deadlines—line up your recommendations now and give your teachers and community references plenty of time to write their letters.

Community Service Hours

Any student wishing to complete their volunteer hours for the Florida Bright Futures Scholarship MUST complete the ONLINE Sarasota County School District registration process and have the plan approved. Once approved, the student may print out a log sheet for each organization/activity.

Complete registration instructions are available on the VHS website > Resources > Venice High Downloads > Community Service Hours Info. Also, students may go directly to www.SarasotaCountySchools.net, click on the “Parents & Students” menu at the top of the page, under “Other Resources” follow the link “High School Community Service.”

Remember, volunteering helps students build their resume and obtain valuable experience for college essays and scholarship competitions, too.

Important community service information and requirements:

- Do NOT start the registration application until the student knows where they are going to volunteer. The registration application does NOT “save” and you will be “locked” out if you do not complete the application when you start.
- Each organization/activity must be approved before the student volunteers. Once approved the student will be able to print a unique log sheet at any time. Each organization will have its own log sheet. New organizations/activities may be added for approval at any time.
- Don't wait for an approval email (because sometimes the system has problems with different email servers). You may log in anytime to see if you have been approved. If you can print out a log sheet, you know you've been approved!
- Students MUST volunteer in the Sarasota County area.
- NO MORE THAN 8 HOURS may be earned each day (due to child labor laws).
- NON-PROFIT and CHURCH RULES: All volunteering must take place with a non-profit organization--exceptions include hospitals and assisted living facilities (enrichment/entertainment activities only). Church Community Service must be outreach to the entire community—no religious

Senior High Football	\$65.00	\$95.00
(Includes August tryouts, regular season play and Spring 2021)		
Spring Football Practice Only	\$25.00	\$35.00
(During FHSAA 2021 sanctioned Spring)		

The program does not require school staff to collect the insurance premiums. Online enrollment is highly recommended, as it provides the capability of printing an ID card as proof of coverage. This is especially helpful for student athletes who need to show proof of coverage before being permitted to participate in any athletic program. If the parent is not able to enroll online, all enrollment forms and premiums are mailed directly to the servicing agent by the parents. Please be sure to read all the enrollment materials you receive, in order to familiarize yourself with the program.

Please remember that injuries to students participating in interscholastic football are not covered under the regular Student Accident Insurance Policy. These student athletes should elect to be covered under the appropriate special policy. If students participating in interscholastic sports do not enroll in one of the Student Accident Insurance plans, they must provide a signed statement from their parents/guardians certifying that the student is covered under a major medical plan and they wish to waive the district offered plan.
